# FORT PRISONERS MAKE DARING ESCAPE

## PROROGATION OF PARLIAMENT EXPECTED SATURDAY, OCT. 18

**Estimates Will Be Brought Down on Thursday or Friday of This Week—Long Discussion Expected on Bill to Give Degree Conferring Powers to Calgary College.**

Should nothing of a dilatory or disturbing nature develop, the Alberta parliament will be prorogued on Saturday, October 18. The estimates will be brought down on Thursday or Friday of the present week, thus giving ample time for their discussion. Morning, afternoon and night session may be held, as the exigencies demand. There are sufficient members on the opposition side to carry on the committee work so far as they are concerned. In the past every member of the opposition was on almost every committee, and some consideration had to be shown them for that reason.

The amendments to the fish and game law will likely be discussed at some length in committee of the whole. Those who favor the opening of the duck and chicken season on the same date have developed considerable strength. In accordance with precedent, Hon. Duncan Marshall, minister of agriculture, will embody the recommendations of the committee on agriculture in the amendments to the fish and game act, and will stand on these recommendations. All members have the privilege of advocating amendments in committee of the whole.

Another troublesome piece of legislation will be the bill to permit Calgary college to confer degrees. This measure has been introduced during every session since the college was founded. Dr. Blow is especially interested in the bill, and is well fortified with facts to present in its favor. To have the privilege of presenting these facts on the floor of the house was one of the reasons that the doctor entered politics. Several of the older members on the government side are bitterly opposed to the bill, for reasons that they have frequently stated on the floor. In brief, their contention is that the university was broadly advertised as an university in competition with the provincial institution; that its literature was misleading; that it has never got beyond the paper stage; that even in Calgary people regard it as a scheme to enhance the value of real estate in the vicinity of where it is supposed to be located. Dr. Blow is prepared to refute these charges and the discussion may take up some time.

The opposition is apparently satisfied that it cannot wean away any of Premier Sifton's support on the Waterways, nor can it create dissention on the government side.

Private bills will be cleaned up in a hurry, and aside from the two issues mentioned above, the way is comparatively clear for early prorogation.

## ULSTER TROUBLE MAY SOON SPREAD THRUOUT EMPIRE

### Sir Edward Carson Mentions Winnipeg's Offer of Men.

London, Oct. 6.—The offer of assistance from the Winnipeg Orangemen to Ulster, which was prominently advertised here, was referred to by Sir Edward Carson in his final speech before leaving Ireland for London.

"The government" he said, "will soon find that the quarrel, which looks to them in the distance to be a local one, in a comparatively small part of his majestys dominions, will very soon grow until it permeates every village and hamlet of the whole of the United Kindom, and proceed out into the empire from which, yesterday, from Winnipeg we received an offer of 500 men to come across. (Cheers.)

"In your name I send to our fellow citizens across the sea in other parts of the United Kingdom this simple message: 'We are preparing, and are prepared to do our part. We call upon you to do yours. We are prepared as we were always prepared never to betray you. We call upon you to see that we are not betrayed.'" (Loud cheers.)

## HEARSE NEARLY WRECKED AT THE GIFFORD FUNERAL

### Auto Crashes into Hearse, at Corner of Jasper and 2nd, Breaking Pole.

A startling coincidence in connection with the death of Miss Dorothy Gifford, one of the victims of last Friday night's tragedy at the Namayo crossing, occurred this afternoon, about 2 o'clock, when the remains of the young woman were being taken to their last resting place. The cortege was proceeding up Jasper avenue when an automobile crossing at Second street ran into the hearse and smashed the pole. The horses were practically uninjured, but the funeral procession was considerably delayed while a new pole was secured.

## FORT WILLIAM IS VISITED BY FLOOD

### Excessive Rains Inundate Low Lying Districts—Tracks Washed Out.

Fort William, Oct. 6.—For the second time this season the streets in the low lying land between the two cities are flooded with water, caused by excessive rainfall. All day Saturday the rain fell and the downpour continued until Sunday morning. The part most affected is the coal dock section of Port Arthur, where the water lies knee deep on the streets and the foreigners who live there are compelled to lay planks on blocks to reach their houses. Washouts resulting from the heavy rains Saturday night and Sunday morning held up all trains on the C.P.R. between here and Schreiber for 16 hours yesterday. Although trouble was reported at a number of places the most serious occurred near Gravel and Rossport. At Rossport a piece of track about 45 feet long and 15 feet deep slid into the lake, and at Gravel the piece most seriously affected was the line of double track and construction which slid away carrying a pile driver with it into the lake.

The Imperial Limited and Eastern Express were held at Nipigon until the line was cleared. A request was sent here to have the auxiliary with a pile driver and timber sent to the scene of the trouble, but the order was countermanded and the train held.

### LARGEST OIL BURNER COMPLETES MAIDEN TRIP

New York, Oct. 6.—The German oil-burning vessel, Wotan, declared by her owners to be the largest screw motor tank vessel in the world, completed her maiden voyage today when she was made fast to the Standard oil pier at Bayonne, N.J., where she will take on a cargo of oil for Germany. The type of engine used by the Wotan was the invention of Dr. Rudolph Liezel, who was recently reported lost at sea.

The arrival of the Wotan marks the addition of a new type of craft to the trans-Atlantic cargo carrying traffic. She was completed in Hamburg three days ago and, starting from the German city 18 days ago, she developed 200,000 horse power, marking an unbroken voyage at 18 1-4 knots an hour. The engines of the vessel never stopped once during the trans-Atlantic trip save when she picked up the pilot, her master reported.

The Wotan carries no boilers, being propelled by the internal combustion of oil burned in the cylinders.

## LARGE CROWD PAY LAST RESPECT TO ACCIDENT VICTIM

### Extra Carriage Conveys Numerous Floral Tributes to Funeral of Mrs. Lines Yesterday.

### PRIVATE SERVICES HELD BY ARCHDEACON GREY

### Large Crowd Follow Cortege to Cemetery Where Many More Mourners Are Gathered.

Sad as it was impressive, the funeral of Mrs. William E. Lines, victim of Friday night's terrible accident, was held yesterday afternoon from the residence, 458 Fifth street, and was attended by a large and representative crowd of mourners.

The services at the house was conducted by Archdeacon Gray, and only relatives were present. At the cemetery Archdeacon Gray also conducted the services.

Scores of friends of the dead woman waited outside of the house and joined the cortege on its solemn journey to the cemetery, where they were met by still another large crowd of mourners, all of whom sought to pay their final respects and join in the last sad rites at the grave of their departed friend and companion, mother and wife.

The floral tributes were many and beautiful, and an extra flower carriage had to be secured to convey them to the cemetery. The pallbearers were Arnold Soars, Charles Scarth, George Henwood, J. J. Anderson, J. B. Smiley and Mr. Sheppard. The chief mourners were the husband, William E. Lines, and his brother, Roland Lines.

Lewis' Cafe, East Jasper, closed their establishment from 2 until 3.30, during the funeral, out of respect to the departed. Mr. Lines was in the place at the time his wife met her death.

## APPEAL CASES DISMISSED BY JUSTICE WALSH

### Appeal Allowed by Judge Harvey in Nichols & Sheppard v. Skedanuk.

Justice Walsh this morning delivered judgment in the appeal case of Burden vs. the Registrar of Land Titles for North Alberta Land Registered District. Plaintiff alleged himself to have lost by omission, mistake or misfeasance of the defendant through the registering of some land and brought suit against him. At the time of the first trial the case was dismissed and Justice Walsh dismissed the appeal with costs.

Justice Walsh also dismissed the appeal in the case of Butterfield vs. Cormack involving a sum of money said to be $500 in connection with some coal lands which plaintiff and one Scriver were to locate and apply for in the name of the defendant.

Chief Justice Harvey allowed the appeal in the case of Nichols and Sheppard vs. Skedanuk. Defendant purchased a threshing engine from plaintiffs in May, 1911, and agreed to give a mortgage for part of the amount. Skedanuk is a foreigner and claimed at the time of the former trial not to have understood what he was signing. The judge presiding at the former trial held that defendant was an illiterate foreigner and did not know what he was signing and judgment was given in favor of defendant. Chief Justice Harvey however took a different view of the case and allowed the appeal.

**Knife Fight at Revelstoke.**

Vancouver, Oct. 6—A Slavonian named Sebaki is lying in the hospital with a terrible knife wound as the result of a fight that took place in Revelstoke on Saturday. His assailant, Caboni, stabbed him in the neck with a long knife, and was arrested. Sebaki is not expected to live.

## ASQUITH REFUSES TO CALL IMPERIAL GVT. CONFERENCE

### Dominions of Mother Country Keenly Regret England's Decision.

### HAD HOPES OF MEETING KING IN CONSULTATION

### No Explanation is Given by Premier But Believed Events of Annoying Nature Have Intervened.

London, Oct. 6.—The Daily Telegraph in an article this morning says it understands the government has no intention of calling a general imperial conference. The announcement which it is claimed is made on the highest authority, has occasioned widespread disappointment, even more marked in the overseas dominions than in the mother country.

In Canada, New Zealand, Australia, and South Africa responsible ministers have openly expressed their hope that his majesty's government would recognize the importance of immediate consultation between the different sections of the empire, with a view to concerted action, and the Daily Telegraph in reviewing the situation adds: "So strong are the arguments for a conference that the colonial press, apparently with full knowledge that representations had been made to the imperial government by several of the Dominion cabinets, had taken it for granted that the ministers of the empire would confer next month.

"In several of the dominions discussions of the naval problems for weeks past have proceeded on the confident assumption that the gathering would take place and it will therefore be learned by overseas with poignant regret that Premier Asquith, who has the first and last word on the subject by virtue of his powers as chairman of the committee of Imperial defence, has decided against the proposal.

**Gives No Explanation.**

"The prime minister has not furnished any explanation, but it is safely conjectured that his reasons are not unassociated with the political situation in the United Kingdom. The cabinet had not foreseen the resentment even from some liberal quarters over the workings of the parliament act, and are surprised at the continued and ominous opposition of Ulster to the government of Ireland bill. As the date approaches for the parliament act to become effective and its first fruits realized, the political temperature is rising to fever heat. The government is faced with the imminence of events of an extremely awkard character, and Premier Asquith is therefore disinclined to invite representatives of the dominions to discuss urgent naval problems. It is felt that the internal political situation must be first handled, consequently there will be no opportunity for a conference until 1915, when the imperial conference will be held in its normal course.

In the meantime, individual ministers have received invitations to meet the committee of Imperial defence, the admiralty and the war office, and it is understood that Hon. George Perley, minister without portfolio in Premier Borden's cabinet, will confer with the admiralty regarding the impasse in Canada.

## POET TRAVELS CHEAP; GETS 21 DAYS; DEPORTED

### Soulful American Verse Writer Stows on Ship to Get to New York.

Southampton, Eng., Oct. 6.—A sentence of 21 days at hard labor was pronounced today on Harry Kemp, the American verse writer, who was charged with stowing himself away on board the steamer Oceanic on her last voyage from New York. A magistrate sent a recommendation to the home office that Kemp should be deported after he had served his term of imprisonment.

**Napanee Police Judge is Dead.**

Kingston, Ont., Oct. 6.—James Daly, late police magistrate of Napanee, is dead, aged 88 years. The daughters are, Mrs. Theo. Worthington, of Edmonton, and Mrs. E. T. Woods, Regina.

## BEATTY AND O'BRIEN SAW BARS, ESCAPE OVER ROOF LAST NIGHT, REACH GROUND BY BLANKET ROPE

### James O'Brien Waiting Trial on Attempted Murder Charge of Joe Bellens at Castle Hotel on 4th June.

**When the guards of the penitentiary at Fort Saskatchewan unlocked the cells of the prisoners at that institution this morning, two men failed to step out into line. Upon investigating, the guards found that the prisoners had escaped.**

**A hurried search of the prison and grounds was made, but no trace of the men was found. They were being held pending trial.**

**Joseph J. Beatty, one of the escaped men, was held on the charges of theft and forgery. The other man, James O'Brien, was to be tried for attempted murder.**

**It was found that the men had sawed their way to liberty through the roof of the building during the night, and had lowered themselves to the ground on the outside by means of blankets.**

**The jail contains several lunatics, and the cells adjoining the ones occupied by the escaped prisoners contained some of them. It is thought that O'Brien and Beatty took advantage of the incessant noise made by the lunatics and sawed their way through the roof without any fear of detection.**

**Word was immediately sent to the police of this city to be on the lookout for the men. Descriptions accompanied the message.**

## SUFFRAGETTES BATTLE WITH LONDON POLICE

### As Miss Kenny, a Leading Speaker, Opens Meeting Officers Rush in.

### AMID WILD DIN POLICE SCATTER WOMEN

### Woman Had Just Recently After Doing 18 Months.

London, Oct. 6—The militant suffragettes at the outset of their campaign today were deprived of one of their leaders, Miss Annie Kenney, who was arrested on the platform of a London music hall in the course of a meeting to inaugurate the recommencement of hostilities.

Miss Kenney was released from prison after a "hunger strike" two months ago. She was undergoing a term of 18 months imprisonment for conspiracy.

The arrest today brought about a scene of wild excitement, and a fight in the crowded hall.

Miss Kenney had just opened her speech with the words, "I hear there are detectives in the wings," when a squad of policemen dashed out on the platform in flying wedge foramtion.

The women seated around Miss Kenney tried to get between her and the policemen so as to give their leader a chance to escape, but the policemen scattered the resisting women about like nine pins, and caught Miss Kenney just as she was preparing to leave from the platform into the orchestra.

As Miss Kenney was seized, yells from hundreds of women filled the hall. There was a wild din, accompanying the short, but fierce struggle, between women, who endeavored to rescue Miss Kenney from the officers who had her in charge.

## FANS FLOCK TO NEW YORK FOR WORLD'S SERIES

### Baseball Players and Sport Writers Arriving in Every Train.

New York, Oct. 6—This, the day before the opening of the world's series baseball games in New York, found the vanguard of fans pouring into the city on every train.

With the exception of minor details to be disposed of by the National Commission, everything is in readiness for the opening contest at the polo grounds tomorrow afternoon. Today's weather was flawless, and the Washington forecast for tomorrow called for another fair day.

Baseball writers from far and near trooped into the city today for their annual meeting this evening. There was the usual talk this morning that speculators had secured a choice allotment of reserved seats, and signs were displayed in a number of ticket agencies announcing this.

The casual fan who arrived today found all of the 8,000 reserved seats disposed of, and nothing left for him to do but get in line at the polo grounds early tomorrow morning, when the 30,000 unreserved seats are thrown open.

It was said again today that it was doubtful whether Snodgrass, the Giants' centre fielder who is suffering with a "Charley Horse," would be able to take part in the series. Doyle's injured shoulder has completely recovered, however, and it is certain that he will be in the opening game. If Snodgrass does not play, it is probable that Shafer will take his place in the field, and Herzog will go to third base.

At an exhibition game with the Philadelphia Nationals today, the Giants had their final workout. Both Mathewson and Marquard were assigned to twirl an inning or two.

## GRAIN EXPORTERS SAY U.S. TARIFF ON WHEAT IS A BOON

### Huge Exportation When Allowed Will Create Increased Agriculture.

Montreal, Oct. 6—Exporters of wheat, hay and oats are agreed that the United States tariff on grain and foodstuffs will be a great boon to this country, as it will not only allow of a larger exportation of grains to the convenient markets below the boundary line, but will tend to stimulate increased production of agricultural products in Canada.

James Carruthers, head of the greatest grain house in Canada, said: "We should agree to reciprocity on wheat, more especially as the quantity of American wheat that would be shipped into Canada under such an agreement would practically amount to nothing. Reciprocity in wheat between Canada and the United States, I believe, would raise the price of our Manitoba wheat and bring Chicago and Winnipeg prices closer together."

### "DEAD MAN" RETURNS; SURPRISES FRIENDS

**Supposed Victim Was 50 Miles From Scene of Accident.**

Vancouver, Oct. 6.—Friends of M. Montague Connelly, who was reported to have been killed at the Cape Museon camp of the dominion government Alaska boundary survey, received a pleasant surprise when he arrived home in Vancouver on Saturday, looking as fit as the proverbial fiddle. At the time of the landslide which snuffed out the lives of two young Vancouverites, Messrs. Roberts and Bodie, Mr. Connelly was about 50 miles away.

The slide, Mr. Connelly says, must have come with terrible suddenness, the entire side of a mountain 1,500 feet high toppling over and burying the camp under many hundreds of feet of rock, dirt and snow. He says that it will be impossible ever to recover the bodies of the men killed.

**Disorderly Women Shipped On.**

Moose Jaw, Oct. 6—The police Saturday night raided two houses of a disreputable character, and as a result of their efforts nine women were shipped from the city early yesterday morning. The police authorities are exerting every effort to rid Moose Jaw of any red light district that at present exists. This makes the third raid during the past two weeks.

## DEFENCE IN SULZER TRIAL BEGINS WITH SARECKY ON STAND

### First Witness Was Only Located After Twenty Day's Search.

Albany, N. Y., Oct. 6.—This was the opening day for the defence in the impeachment trial of Governor Sulzer, According to the agreement of Monday's programme only an afternoon session of the court was held, beginning at 2:15 oclock and lasting until 6 p.m. Senator Harvey D. Hinman planned to occupy half this time with his opening address much of which, he said, would be extemporaneous.

Louis A. Sarecky was selected as the first witness. As campaign secretary to the governor Sarecky handled much of the money contributed to the campaign fund, and many cheques intended for Sulzer were made out to Sarecky. He said on his arrival here that he could prove that at least $21,000 which the governor is charged with not having reported as a contribution, really was not such, but came to Sulzer from an entirely different source.

Counsel for the governor have maintained since the beginning of the trial that attorneys for the board of managers were not anxious to have Sarecky testify, and today the legal advisers of the defence said they expected his cross-examination would be brief. Counsel for the managers asserted they searched for 21 days for Sarecky before he finally turned up here and was subpoenaed.

Much was made of his discovery at the time, but he was not called to the witness stand.

## CACHE OF $16,000 ROBBERY FOUND SOON AFTER CRIME

### Masked Men Stick Up Bank Clerk for Large Sum But Fail to Get Away With It.

Stonington, Conn., Oct. 6—Carl A. Keelb, cashier of the American Velvet company, was held up at the point of a gun and robbed of $16,000 this forenoon by two masked men. He was driving with the money from the First National Bank to the mill. After taking the money the robbers disappeared in a northerly direction. Posses have started in pursuit.

The money was later found hidden in a crevice in a stonewall a short distance from where the hold-up occurred.

# LIBERALS HOLD DEMONSTRATION IN ST. JOHNS

## Laurier Says There is Time for Further Modification of Tariff Policy.

## GREATER RANGE OF MARKETS A NECESSITY

## Nothing Done to Improve Conditions by the Borden Government, Says Laurier.

St. Johns, Que., Oct. 6.—The liberal demonstration here on Saturday afternoon was attended by a trainload of the faithful from Montreal, a great gathering from all parts of the dual constituency. Mr. Jos Demers, the federal member at county, had perfected the organization and Sir Wilfred Laurier and the delightful temperature did the rest.

The liberal leader's speech was as pleasing as ever. He said the time had come for the government to consider another revision, or, as he put it, a modification of our fiscal policy. Sir Wilfred wants more bars thrown down on the Canadian side before the tariff is satisfactory to the liberal party. A country capable of producing 200,000,000 bushels of wheat must, in his opinion, have a wider market, and although he will not attack the present government, he wants them to think over the matter and he will judge them on the result of their labors. The leader of the opposition intimated that the change of government had made money tighter, means harder to get, wages lower and real estate more of a drag on the market.

When the train arrived at St. Johns a large crowd greeted Sir Wilfred at the station and mayor Luc Papineau read an address, welcoming him to the town and thanking him for what he had done for St. Johns when he was prime minister. A procession was then formed after which the meeting was organized at the market square.

Sir Wilfrid said the people had made a mistake at the last election and they might err once more, but he did not want the liberals to lose courage. He compared the situation which existed in the Dominion during his 15 years tenure of office with that of today or during the past two years. When he took over the reins of power the Dominion was but a simple substantive and when he left the whole face of the Dominion had been changed, the country being known all over the world, and every one gazed with pleasure on the bright new star in the firmament. Speaking to conservatives present the speaker asked: "Is the country as prosperous as ever lands as available, are salaries as high and is work as plentiful as when we were in power?" The change which the Laurier government brought to this country was almost miraculous, but the conservatives say it was providence which did all this. "I admit," he said, "that providence loved us; but why does not providence do as much for the Borden government?" The present government he would repeat, had done absolutely nothing yet.

Sir Wilfrid alluded to his trade policy, stating that the country with its 200,000,000 bushels of wheat must have wider markets and this was what he thought in 1911. Everybody wanted better trade relations with the United States, but, he said, when Sir John Macdonald and Sir John Thompson had been sent upon fruitless missions, and when he also had failed at Washington, he made up his mind that we would never go to Washington on a begging errand; but whenever Washington felt disposed to come to us, we would treat with them.

Sir Wilfrid claimed that the Borden government had done nothing since they came to power to improve the conditions existing in the Dominion in fact, it would take a miscroscope to find any act on their part in the interest of the people. The government has a surplus of 50,000,000, and yet the cost of living in Canada was never so high as at the present time. Here he asked the meeting if it was.

St. John's, Oct. 6.—He asked the meeting if it was not time to think seriously of effecting a modification of the tariff. He asked the administration to consider this question.

Taking up the naval question, the speaker said it had been exploited by his opponents one way in Quebec and another way in the English speaking provinces by the jingoists, the jingoes, the castors and the nationalists, deceiving a great many good people in the provinces. In the place Sir Wilfrid fully justified the necessity of a navy, saying that there was no country in the world with seven or eight million people and a great coast line to defend that had no navy.

# *Nine Witnesses' Evidence Taken at Accident Inquest*

## Defence May Attempt to Show that Flagman's Line of Vision Was Obstructed—Question Did Flagman Cease Waving Lantern After Street Car Stopped, is Raised.

Out of nine witnesses at the inquest Saturday afternoon on the tragic deaths of Mrs. Lines and Miss Gifford, three gave positive statements to the effect that at the Namayo avenue crossing, where the accident took place Friday night, the locality is very dark at night.

In nearly every instance the witnesses declared that the automobile driven by Laurie Jellett was going at the rate of 20 to 35 miles an hour. These statements were not made an issue, however, by the defense, and they were passed unchallenged.

Percy W. Morris, employed in the Merchants Bank, and an eye-witness of the accident, proved the best witness of the afternoon. He gave the most clear and concise version as to what really transpired, and in a manner that afforded little opportunity for a cross-examination.

Young Morris said that he thought he saw the driver of the automobile trying to steer the car east in the direction in which the train was going, when a collision seemed certain. He also said the flagman signalled the street car to stop, and at the same time the ill-fated automobile was seen quite a ways down Namayo avenue.

**Did Flagman Continue Signalling.**

As the street car came to a stop on the south side of the crossing, he did not notice whether the flagman continued to wave his lantern until the automobile came nearer to the crossing or not. It was principally on this point that counsel for Jellett endeavored to establish the fact that the flagman, after bringing the street car to a stop, ceased to waive his lantern, warning the approaching automobile, with the result that it was driven straight into the dark body of the engine, or, that he stopped signalling, as stated, and then resumed as the auto passed the stalled street car and proceeded across the tracks.

**Flagman's Answers Unsatisfactory.**

Nick Augustino, flagman at the crossing, gave testimony through the aid of an interpreter and left a great deal of doubt in minds of many as to what degree of responsibility might be placed upon him, due to the unsatisfactory answers he gave.

He did state, however, that he stepped two or three feet off the west curb line of Namayo avenue and signalled the street car, and then went north a few feet, toward the track on which the Winnipeg express was coming.

**Defence May Claim View Obstructed.**

If these movements of the flagman are proven correct, counsel for Jellett may bring forth evidence that the line of vision between the flagman standing in the street sidewalk and the automobile coming north on the east side of Namayo, was obstructed by the trolley car which was standing on the northbound track near the crossing.

**Passenger Dign Out Body.**

Leonard J. Collins, R.N.W.M.P., a passenger on the Winnipeg express, said that upon being told of the accident he investigated and dragged one of the bodies from underneath the train near the tender.

**Auto Struck Engine's Drive Wheels.**

Motorman Roy S. Westerway, and Conductor Charles F. Bradford also testified. Westerway said that he thought the automobile struck the engine near the drive wheels and that the crossing was a pretty dark place.

**Police Give Evidence.**

Detective Burbeck and Ernest Seymour, an ex-member of the police department, stated that they were standing in the St. Regis hotel in company with Inspector Campbell, and noted the number of the machine and the rate of speed it was going when it passed the hotel, and later found the machine to be the same one that was wrecked on the Namayo avenue crossing.

**Safeguarding of Crossings Needed.**

Joseph A. Clark voluntarily testified that the board of railway commissioners received plans and specifications for the safeguarding of railroad crossings 14 months ago, and that the improvements were promised to be made in two months from that time, and that to date nothing further had been heard of the matter. Also that the jury should consider that fact in their efforts to render a verdict.

**Jellett Does Not Testify.**

Jellett appeared in court, but did not testify. His father, St. George Jellett, was also present. The young man was represented by Hon. A. G. MacKay, M.P.P., and George B. O'Connor, K.C., while R. P. Clarry represented the attorney-general's department, and J. C. F. Bown acted as city solicitor, although he did not participate in the proceedings.

Coroner Braithwaite adjourned the inquiry until Tuesday morning, when evidence will be given by the train crew.

# HIGH COST LIVING GETS SEVERE JOLT FROM NEW TARIFF

Minneapolis, Minn., Oct. 6.—The high cost of living received a jolt, following the inauguration of the new tariff. All the grain lists of the country were weak as the heavy liquidation in the principal markets. What prices in the local market sold below 84 cents for the December futures, making a new low price for the crop year. Corn and oats in Chicago were subjected to active selling pressure, the result largely of oats imported from Canada, which can be placed in Chicago duty paid at a profit.

The sharp decline in wheat is considered by the local grain trade as largely sentimental. Unless Canada takes off the duties against wheat and flour from this side of the line the American market is protected by a 10 cent duty on wheat and a 45 cent duty on flour. No action along this line is expected before next January, and it is considered only a remote possibility that the Borden government will remove the duty, having made so strenuous a repudiation of the reciprocity.

# ENTOMBED MINER RESCUED; GOES AT ONCE TO CHURCH

Centralia, Penna., Oct. 6.—Thomas Tosensky, a mine miner who was liberated Saturday from his underground prison at the Continental mine after being entombed for eight days, felt so good this morning that he attended church in Mount Carmel and joined in a general prayer which was offered on account of his rescue. The little Lithuanian church was crowded to its capacity and those who could not gain entrance to the building stood with bared heads around the lawn and offered up thanks for the miner's safe deliverance from behind the wall of coal.

When Tosheksy, who was accompanied by his wife, arrived at the church the throng was so great of those eager to shake hands with him in congratulation that it was necessary for the police to clear a space for them to enter the edifice. After the services the rescued man held an informal reception and more than 500 people shook his hand. Tosheksy slept most all of yesterday afternoon and retired again early last night, police at all times guarding his house to prevent the crowds from disturbing his rest. When he arose yesterday he informed his friends that he was feeling fine and declared he would be ready to resume work at the mine on Monday. Mine officials, however, say they will not permit him to go to work for several days.

**RUSSIAN WARSHIP LAUNCHED THIS MONTH.**

St. Petersburg, Oct. 6.—It is announced that the new warship being constructed in the Baltic dockyards will be launched on October 17. The Empress Maria, it is stated, will be the first of the three dreadnoughts to be launched.

**England Plans New Giant Airship.**

London, Oct. 6.—A new giant airship, to exclude all others, is planned for construction in England. It will embody the advantages without the disadvantages of the Zeppelin, and will have a speed of 60 miles an hour.

It will be able to carry more guns and ammunition than any dirigible of equal size.

# DESPERATE YEGGS LOOT SAFE; FIRE ON POLICEMAN

## C.N. Station at St. Boniface Robbed of $125—Walls and Safe Ruined.

Winnipeg, Oct. 6—Yeggmen are again at work in and around Winnipeg. This time the C.N.R. station at St. Boniface suffered, loosing $125, a shattered safe, broken windows and walls badly ruined. The men, two of them, are desperate for they did not stop when asked what they were doing by Constable John Cross, of the St. Boniface police, but fired point blank at him, and then while the constable, who was unarmed, ran for safety under the station platform, escaped. They were pursued by the constable but he lost them among the cars in the yards.

The safe-blowers took practically no precautions in this case not even waiting to pull down the blinds. They used three charges of nitro glycerine to blow the safe and every window in the building was broken with the force of the explosions. Many people nearby heard the explosions but thought it was an engine in the yards. The men were seen wearing slouch hats pulled well down over their eyes.

The robbery took place at 3 o'clock Sunday morning.

# CALMLY CONFESSES THIRTEEN MURDERS —ROBBERY MOTIVE

Chicago, Oct. 6.—Mrs. Mildred Allison Rexrot, dancing teacher, who was shot to death at Wheaton, Ills. a week ago, was the victim of a modern Bluebeard who, according to his own confession, had killed 13 others in as many years. Honey Spencer, arrested in a room near the south district tonight confessed that he had not only killed Mrs. Rexrot but that he had slain 14 persons. He was positively identified as the mysterious Mr. Spencer, with whom Mrs. Rexrot left Chicago on the night she was killed. Mrs. Rexrot's bloodstained rattan cane was found in his home.

The police, while in doubt as to the full truth of Spencer's story, are confident they have found a wholesale murderer and that he will be proved to have killed at least several of those whose deaths he declared to in a long confession last night.

Spencer's confession was so startling that it probably would have received no credence had not the bloodstained suitcase and revolver confirmed at least part of his statement.

"In intended to kill Mrs. A. J. Scofield, the proprietor of the rooming house where I had lived.

"If I had not been arrested at just this time I would have killed her."

Spencer admitted that robbery was his only purpose in killing Mrs. Rexrot. He told the police that he had killed 13 persons since last released from the Illinois penitentiary in September 1911, and four, a man and a woman and Policemen Pennell and Devlinne, before that. Except in the slaying of the policemen, who Spencer said were shot by himself and a companion named Murphy, in escaping arrest for burglary, the killings were all for the purpose of robbery. Following is the list of killings Spencer related to Chief of Detectives Halpin:

One man and a woman about 14 years ago.

Policemen Pennell and Devlinne 12 years ago.

First wife, killed near Westpoint, N. Y.

Two girls at Paw Paw Lake, Michigan, last August. One girl at Lake Delavan, Wis., last summer.

One woman at Belle Island, Michigan, last summer.

One man shot in Chicago this fall.

One old man shot in a south side house two months ago.

One woman shot and burned on the northwest side of Chicago late last summer.

One woman killed near the Cook county hospital a few days ago.

The police cannot account for all of the victims Spencer claims to have slain. The only victims Spencer was able to name was Fannie C. Thomlson, who probably is the woman he said he killed in the start on his alleged career of murder.

Spencer told his gruesome story calmly to Captain Halpin and a room full of detectives and newspaper men. He declared he never drank, but that he chewed tobacco and smoked opium. He has not, however, the appearance of a drug victim, having a clear complexion and clear eyes.

# MAJOR WELDON, EARLY EMPIRE BUILDER, DEAD

## Old Timer of Grenfell a Figure of Stirring Rebellion Days.

Winnipeg, Oct. 6.—Word has been received of the recent death of Major Weldon, of Grenfell, a man closely identified with a dramatic episode of early days on the prairies. Major Weldon died suddenly in his home at Grenfell household were away and his death fell when the other members of the was not discovered until the following day.

During the troublesome times of the rebellion in 1885, Mr. Weldon was called upon to assist in the position of telegraph operator and chief despatcher in General Middleton, who was in command of the forces, and in that capacity was at the front all the time.

Major Weldon was intimately acquainted with Colonel Sam Hughes, the minister of militia, and when the minister visited Grenfell last summer one of the first persons he called upon was his old friend of boyhood days, Mr. Weldon.

**Irish Hold Home Rally.**

New York, Oct. 6.—A home rule rally was held in Carnegie hall last evening, attended by men and women of Irish birth or parentage, to celebrate Ireland's promised political freedom. The principal address was made by John P. Mitchell, fusion candidate for mayor and grandson of John Mitchell, the Irish patriot. Chief Magistrate McAdoo, and others, spoke. About $5,000 was raised for the home rule cause. The meeting was arranged by the United Irish league, the ancient order of Hibernians and other Celtic organizations.

**CHARGES OF INCOMPETENCY DISMISSED**

Moose Jaw, Oct. 6.—The charges of drunkenness and incompetency against Deputy Chief De Rosaire were dismissed at the police commission meeting Friday night. The decision was unanimous. The investigation was conducted over a month ago and considerable evidence of a very conflicting nature taken.

**SASKATOON YOUTH KILLED.**

Saskatoon, Oct. 6.—Stanley O'Donnell, aged 15 years, was shot dead yesterday afternoon at his home, six miles from Biggar. Getting ready to go threshing he laid down a shotgun which he had, and his seven-year-old brother picked it up. An accidental discharge entered his neck.

**Glenn Harvests 250,000 Bushels.**

Moose Jaw, Oct. 6.—Joseph Glenn, M.L.A. for Indian Head, estimates his crop at 250,000 bushels. This is conceded to be the largest individual crop in Saskatchewan this year.

# DON'T SCOLD AN IRRITABLE CHILD

If little tongue is coated, surely give "California Syrup of Figs"

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled!

Edinburgh, Oct. 6.—Andrew Carnegie has expressed an intention of giving funds to Aberdeen University to establish a lectureship of professorship of Norwegian history.

Dr. Jacob Jacolson, one of Norway's most learned men has been invited to be the first occupant of the chair. He is noted as an authority on old Norse dialects and place names.

### FANATIC RAISULI AGAIN BATTLING.

Madrid, Oct. 6—Fighting still continues in Spanish Morocco. According to the latest reports from Tetuan, strong rebel contingents, including a number of Kabyles, have assembled under the leadership of Raisuli, who is inciting the tribesmen to a most fanatical struggle.

Raisuli, it is reported, is ready to deliver a simultaneous attack against all the encampments between Ceuta and Tauzien in order to draw off the Spanish forces and to avenge previous defeats.

# LARGE ATTENDANCE METHODIST CHURCH FOR RALLY DAY

Increase of 181 Over Last Year—Highlands Orchestra Furnishes Music.

Rally Day was observed yesterday in the Metropolitan Methodist Sunday school with an attendance of 585, an increase of 181 over rally day last year. The orchestra of the Highlands Methodist church was in attendance and furnished the music. An invitation was extended to the Richmond Park school, and 50 were in attendance to help Metropolitan observe the day.

A very helpful and encouraging program was given. The leading address was delivered by Rev. L. S. Wight, pastor of the Highlands church. The superintendents from Richmond Park and the Highlands school were present and gave short addresses. Several vocal solos were rendered during the afternoon. The children of the primary sang a children's song.

While statistics are not always of interest, they were proven to be most interesting at the rally day service, when a number of the teachers read the figures showing the growth of the Sunday schools in all the provinces from the Atlantic to the Pacific. Enthusiasm ran high when it was announced that Alberta had made a gain of 15 per cent., or 2,669 scholars during the year, the largest proportionate increase in the dominion. The figures for the various provinces are as follows:

| Province or Conference. | Schools. | Attendance. |
|---|---|---|
| Newfoundland ..... | 247 | 22,047 |
| Nova Scotia ..... | 223 | 21,796 |
| New Brunswick and P. E. I. ..... | 203 | 16,845 |
| Montreal ..... | 417 | 40,805 |
| Bay of Quinte ..... | 429 | 45,071 |
| Toronto ..... | 459 | 73,480 |
| Hamilton ..... | 394 | 55,755 |
| Manitoba ..... | 227 | 26,250 |
| Saskatchewan ..... | 235 | 18,000 |
| Alberta ..... | 254 | 20,000 |
| British Columbia .. | 135 | 20,000 |

The Sunday schools now organized in Canada number over 4,000, with an attendance of over 400,000. Superintendent Richards called the attention of the school to the importance of Sunday school work and what it means for the future of Canada.

### BRAKEMEN FINED $2 FOR "SHAKING DOWN" HOBOES

Moose Jaw, Oct. 6.—John Bramniff and Ray Southwick, the two C.P.R. brakemen, were found guilty in the police court Saturday evening of corruptly accepting the sum of 50c from each of nine hoboes riding on a freight train from Estevan to this city. They were let off with a nominal fine of $2 and costs apiece. The nine hoboes appeared as witnesses.

### NEURALGIA'S BURNING PAIN CHECKED—THEN CURED

Stronger Proof of Cure Could Scarcely be Found Than This

WORST CASES CURED AT HOME

"To be really cured of Neuralgia is a marvel to me," writes Davidson E. Plummer, from Kingston "During the six weeks Neuralgia held me in its grip I suffered agony. When I had used almost every remedy, hope fairly died within me Twice every day the attacks would recur. Had the pain been persistent I could not have borne it. I was away out in Alberta when the attack came, and was probably not robust enough for the conditions of life in that new country I just had to suffer, as nothing seemed to subdue that awful burning pain. But relief was coming all the same, coming thousands of miles, for some new people came in from the Maritime Provinces and they brought with them a number of the Catarrhozone Company's medicines, among which was a dozen bottles of Nerviline. Hearing of my sad plight, they sent me two bottles. At first the effect of Nerviline seemed to fluctuate. Hope would rise, then followed despair, but within twenty-four hours Nerviline's victory was assured. The first bottle cured, and I am still well. The second bottle I have also used for colds, earache, toothache, sick headaches and other internal disorders. I will never be without Nerviline again."

No home is either safe or complete without Nerviline. Family size bottles, 50c; trial size 25c, at all storekeepers and druggists, or The Catarrhozone Co., Buffalo, N.Y

# DOHERTY VISITS COAST, ADVOCATES DOM. BAR ASSC.

Minister of Justice Thinks Affiliation Would Be Good For Legal Fraternity.

Vancouver, Oct. 6.—Hon. C. J. Doherty, minister of justice, arrived today in this city on a general inspection of penal institutions on the coast. Next Friday he will start on the return journey. During his trip the minister is advocating a Dominion bar association.

"No!" he says, "that it would be any more legal than the provincial associations but I think if all were affiliated under the name of the Canadian Bar they would do much good toward legal assistance of one another."

He spoke favorably of the progress that Vancouver is making.

### LIGHT SENTENCE FOR BIGAMY

Vancouver ex-Alderman Gets an Hour's Imprisonment for Serious Crime.

Vancouver, Oct. 6—For the crime of bigamously marrying Jessie Bailey, a young clerk in his employ, ex-alderman Sidney Miller was Saturday sentenced by Judge McInnes to undergo one hour's imprisonment and pay a fine of $100.

Miller, who was alderman for ward eight for three years, ending last year, and who has been for some time postmaster at Adelaide post office, went through the form of marriage with Miss Bailey in July of this year, following an agreement with his wife that they were to live apart. The couple had been married for 15 years. Prior to the second ceremony he had obtained, from the court of Seattle, an American divorce by swearing that he had been for five years prior to April 1, 1913, a resident of the state of Washington, and had been deserted by his wife, after he had given her all his savings.

On the advice of counsel, who told him that the American divorce was valueless as a defence, Miller pleaded guilty.

### FITZ GETS BIG DAMAGES AGAINST BREWERY

Saskatoon, Oct. 6.—A verdict of $5000 for plaintiff was returned by a jury in the supreme court Saturday night in the case of Charles L. Fitz against the Hoeschen-Wentzler Brewing company. Fitz sued to recover judgment for $25,000 alleged damages arising out of an accident that happened in the brewery in November, 1912, whereby his right leg was injured.

### HANNAH CITIZENS ROBBED AT POINT OF GUN

Hannah, North Dakota, Oct. 6.—Five men were held up and robbed last night, two armed bandits accosting them near this city, while they were walking home. Two of the victims escaped in the darkness, but the other three yielded $100 to the gunmen. James Anderson, Duluth; Peter Wrenn, Kamidji, and James Johnson, of Hannah, were the victims. Wrenn dropped a purse containing $150 in the grass and saved it. The robbers got away.

## BAD FIRE AT WARROAD WIPES OUT WHOLE BLOCK

Three Hotels, Two Saloons and One Life Toll of $75,000 Fire.

Warroad, Minn., Oct. 6.—An entire business block was destroyed by fire here early this morning causing a loss of one or more lives and damage to the extent of $75,000. The blaze started in the kitchen of the Slaten restaurant and under the heavy wind swept the entire block. The charred remains of Harry Gibson, a trapper, were found in the debris of the restaurant. The Lake Wood hotel is the only building left standing. Eleven buildings were destroyed including three hotels and two saloons.

### PROFITS SMALL, GREAT CONTRACTORS SELL OUT.

London, Oct. 6—Messrs. John Aird and company, the famous firm of contractors, will cease to exist after September of next year. All the contracts on hand will be finished by March next except one, which will be finished in September. The reasons given are that the firm has done excellently in the past—the father of the present Baronet left a fortune of over a million pounds sterling—and that while the risks attending a contractor's work are as great as ever, the profits are very much smaller than they were 20 or 30 years ago.

## WORLD'S WIRED BRIEFS

## THE OPPORTUNITY OPEN TO THE BORDEN GOVERNMENT.

Under the Wilson tariff, as signed Saturday, there is a contravailing duty upon Canadian wheat of 10 cents a bushel, on oats of 15 cents and on barley of 15 cents.

The three prairie provinces in the Canadian west raised 198,000,000 bushels of wheat, 233,000,000 bushels of oats and 64,000,000 bushels of barley this year, all of which is subject to the contravailing duty under the present arrangement, but might be relieved of duty if the Canadian government would remove the duty upon the same products coming from United States into Canada.

Canada's opportunity to escape from the transportation monopoly and to enjoy the benefits of an alternative market south of the line lie in the power of the Borden government. If that government is willing to recede from the position taken in the anti-reciprocity campaign, which was that we should have no truck nor trade with the Yankees, it will remove the Canadian duty at the next session of the federal parliament, and thereby allow Canadian grain to enter United States duty free. If the Borden government refuses to do this, the Canadian west is no better off, at least as far as wheat is concerned, than it was before the Wilson tariff went into effect, as a 10-cent duty is sufficient to overcome the spread between Winnipeg and Minneapolis upon all but exceptional occasions, and to effectually prohibit the export of wheat through United States.

By rejecting reciprocity, Canada lost an exceptional opportunity, and one which may not be offered again. Some of the advantages which might have been enjoyed under reciprocity, but which are not enjoyed under the Wilson tariff, are that those, which would have entered duty free, is now taxed 45 cents per hundred, horses, which would have entered duty free, are now taxed 10 per cent., and wheat, oats and barley are subject to the contravailing duty. Canada also loses in the respect that it does not enjoy the advantage as a consumer which it would have enjoyed under reciprocity.

In spite of this, however, the Wilson bill means much to Canada if the Canadian parliament will but take advantage of the opportunity by offered in its terms. If the Canadian parliament fails to take advantage of this offer, and refuses to permit the farmers of the west free access for their grain to United States market, there will be no other verdict than that the Borden government is willing to sacrifice the welfare and prosperity of the west to an impotent and useless display of protection.

### LICENSE THE DRIVER, NOT THE AUTOMOBILE.

License the driver, not the automobile. Make temporary suspension of the license automatic with conviction for exceeding the speed limit, longer suspension for a second offense and permanent for the chronic speed-limit shatterer. Make the examination necessary to securing a license sufficiently rigid to guarantee that those who get the license will have demonstrated their ability to handle their cars.

This is the system followed in many European countries, particularly France, where the automobile and automobiling has reached its highest development. It is the system which will have to be adopted sooner or later in this and every other country.

Every time some gay youth, breaking speed limits, meets an accident which hurls someone into eternity, there is the usual recrimination and regret that by breaking the speed laws he took the chances which led to destruction. But if the youth had had the knowledge in mind that, besides risking the usual fine he also risked losing his right to drive a car at all he would probably have used more caution.

Every chauffeur who uses a steam engine to drive his separator must employ an engineer who has passed an examination demonstrating his competency to guide and control his engine, which can travel more than five or ten miles an hour at best, and which never, at any time, is a menace to more than a few. But the automobile owner secures a license which attaches not to him as the driver, but to the car, and under that license he is given authority to drive an automobile engine which has anywhere from 30 to 100 horse power, is capable of developing greater speed than a locomotive, and which is in constant use in crowded streets where bad judgment or incapacity is almost certain to lead to catastrophe.

The case for licensing the automobile is illogical. So long as the law places an engine of terrible potential destructiveness in hands which may be absolutely incompetent, license the driver.

### A MODERN RAILWAY BUILT THROUGH WILDERNESS.

According to the annual statement of the Grand Trunk Pacific, 1500 miles of the western section of the system have already been laid, being 1204 miles westward from Winnipeg through Edmonton and into the heart of the mountains, and 305 miles eastward from Prince Rupert, leaving only 230 miles to complete in order to connect up the Pacific Coast end with the system stretching westward from the Atlantic. Engineers set the date when this will have been completed at nine months from the present time. It will probably be a little more. But in less than a year from today Edmonton will have been connected up, east and west, with a system of railway stretching from Atlantic to Pacific, which will be the best new road ever built upon the North American continent, absolutely without exception.

Very few people at the present time realize the nature of the achievement which the Grand Trunk Pacific represents. It will probably be a long time after the road is completed and running before the world will come to understand that something new and wonderful has been done in the construction of a railway, which is absolutely the last word in substantiality and modernness, through a country which for hundreds of miles was unbroken wilderness when the road-builders first awakened the echoes.

### WHY ARE CROSSINGS NOT PROPERLY LIGHTED?

In the coroner's inquest into the Namayo avenue tragedy the evidence was brought out that at the crossing where the accident occurred the street was very badly lighted.

The failure to have such a place properly lighted must be accepted as a failure upon the part of the city to provide wherever protection was possible at a point where the danger was constant and grave. The business of lighting belongs to the city, and to no other interest. The railways have nothing to do with it and the automobilists do not govern the lighting arrangements of the city. Under the present mixed authority it is difficult to say whether the dereliction in this respect is attributable to the failure of the commissioners, the council or the lighting department to provide proper lighting, but, although the action would be somewhat belated, the council could and be better employed than in finding out just where this responsibility lay and whose fault it is that the crossings on Kinistino, Syndicate, Government and Queens, where the danger is as great as on Namayo, are not as well lighted as the corner of Jasper and First.

### EYE-OPENER DISCLOSES AFRICAN IN THE WOODPILE.

Dr. Blow has again been urging the legislature to grant degree-conferring powers in the University of Calgary. We fancy that better luck would attend these periodical appeals if the promoters of this institution of learning were to go ahead and build the farmed thing. The only outward evidence of this Calgary University, so far, is the enormous pickles of those who owned real estate in the neighborhood of the proposed noble pile of buildings and petitioned his on the strength of it. They have made a big selling. Everything in Calgary begins, continues and ends in real estate.

This from a leading conservative paper, published in the "enlightened centre" of Calgary—a newspaper distributed at the rate of fifty thousand a week from conservative headquarters during the last campaign—the Eye-Opener.

### NATIONALIZATION OF THE LAND.

LLOYD GEORGE'S ULTIMATE.

While the unionists are invoking all the pyrotechnics at their command to keep the Ulster question in the public eye as the great issue in Britain, Lloyd George moves deliberately forward, from home rule, as though confident that that issue is closed, to the land reforms which constitute the next item on his programme in the interests of social justice, and will, within a day or two, make the speech which will outline the specific nature and concrete effect of the laws which he proposes to pass at the next session of parliament.

Wherever the wording of Lloyd George's utterances at Bedford on Thursday evening may be there is much certain to those who understand the nature of the thing he is trying to do that his proposals will constitute only the first move in the campaign in Britain to free the land. Britain has travelled too far along the road now to turn back. Revolutionary as it may sound at this date, the ultimate of what Lloyd George is doing is the nationalization of all the land in the British Islands.

## "I Sleep Soundly, Feel Like New"

All Who Lack Vigor, those Who are Dispirited and Worn Out, Should Read This Carefully

Proof That Health and Renewed Vitality Quickly Return When Right Remedy is Used.

"I am only thirty years old, yet for almost two years I have felt more like seventy-five. I have found it difficult to sleep at night, and in the morning felt so depressed and heavy that effort was difficult. My hands were always clammy and perspiration on slight effort would break out all over me. It was not unnatural that I should begin to brood over the chance that I should be unfit to do my work, and this dread made my sleepless nights perfect misery. After repeated trials of medicines and mixtures, Dr. Hamilton's Pills gave me the first gleam of hope. From the very first I could see they were different in action from other pills. They didn't gripe, but acted just naturally as if nature and not the pills were cleansing my clogged-up system. My spirits rose. I felt much better. The sluggish action of the system gave way to normal activity. Dullness and headaches ceased, appetite, good color and ambition to work returned, and I have remained well. I am like a new man, and I think Dr. Hamilton's Pills for it all."

This was the experience of J. E. Packham, a well known grocery dealer in Jefferson. Follow his advice, use Dr. Hamilton's Pills for your stomach, kidneys and liver, and you'll enjoy long life and good health. All druggists and storekeepers sell Dr. Hamilton's Pills, 25c. per box, 5 boxes for $1.00, or postpaid from the Catarrhozone Co., Buffalo, N.Y., and Kingston, Canada.

## TELEPHONE SUPT. MAKES BIG SAVING IN HIS EQUIPMENT

F. T. Caldwell Returns From Trip to Oakland With $10,360 Worth Phones.

ADDITIONAL CHARGES $8000 FOR DUTY, ETC.

All New Equipment to Be in Use Within Six Months.

As a result of his recent trip to Oakland, Superintendent F. T. Caldwell of the telephone department has effected a saving of $2,000 through the city purchasing $10,360 worth of second hand telephone equipment. Transportation, installation and duty charges will increase the cost an additional $7,000. In a report to the commissioners the superintendent states that the material is all in good shape and, if bought from the Automatic Electric company would cost the city about $22,360. The apparatus purchased includes 2,000 three subscribers' sets with telephones, ten switchboards, 500 wall telephones, and 3,000 pairs cords terminal blocks.

The whole of this material is practically all on hand, the installation of which in the telephone department within the next six months, the present rate of growth in the city's telephone system.

"It's a pretty good deal," said Commissioner Mahaffy, after hearing the report read. "I suggest however that there also first com public the superintendent that not mention in his report, and this is the fact that the material purchased will have a lifetime equal to the present equipment of the department. The purchase was duly approved by the board.

## In the Rotunda Chairs

**POPULAR HOTEL MAN GIVEN PRESENTATION**

Robt. Patchell, clerk of the Alberta hotel, returned from Winnipeg yesterday with his bride, and the two were given a royal welcome at the Alberta, where Mr. Patchell has become very popular through years of service. The employees of the hotel presented Mr. and Mrs. Patchell with a beautiful parlor stand lamp, and Mr. Rooke, proprietor of the house, gave them a handsome writing desk. Mr. and Mrs. Patchell will make their home in the Alberta.

**WONDERFUL MOVEMENT OF GRAIN, SAYS DOCTOR ARVIN.**

Dr. and Mrs. E. Nevin, who live a few miles out of Edmonton, returned this morning from an extensive trip through the east, and are stopping at the Royal George. Dr. Nevin was greatly impressed with the wonderful movement of grain through the middle west. He stated that at Port Arthur and Fort William the quantity being moved by boats was enormous, and was reported to be breaking all previous records.

**DOMINION LAND SURVEY INSTRUCTOR IS IN CITY.**

P. J. Belcourt, of the Dominion land survey inspection, arrived in Edmonton this morning on his annual trip through the west, and is visiting his brother, A. Belcourt, proprietor of the Cecil hotel. Mrs. Belcourt, senior, arrived several weeks ago and is confined to the house with a severe, though not dangerous, illness. Mr. Belcourt has watched Edmonton grow for perhaps a longer period than most anyone connected with the city at present, for he came to the city for the first time over 32 years. In 1881 he came to Edmonton for the first time as a representative of the Dominion land survey and he has continued in that capacity ever since.

**CITY BOOK AUDITORS ARRIVE; WILL BEGIN WORK AT ONCE.**

Messrs. Hawes and Robertson, representing the auditing firm of Molineux and Hyde, of Montreal, arrived in the city today and registered at the King Edward hotel. These gentlemen will begin at once the independent audit of the books of the city for the year covering four years, as agreed upon by the council at a recent meeting. The selection of the auditors who should be engaged to do this work was left over from last year, when Fraser was appointed. Accordingly he selected Scantlebury & Hyde, who have recently completed a similar audit of Calgary's books.

**STEAMSHIP REPRESENTATIVE SAYS BUSINESS IS GOOD HERE**

W. K. Allan, senior member of the firm of Allan, Killam & McKay, Winnipeg, accompanied by J. K. Killam, Superintendent of the service, arrived in Edmonton this morning on an annual trip to Edmonton and western points. Mr. Allan, who is looking at the Canadian branch, stated that he was much pleased with the results established by the branch of the firm which has been doing business in Edmonton one year. In spite of the fact that it has been a branch covering four years, its entire amount of business done has been most satisfactory.

Mr. Allan, who is general agent for the Allan Steamship Line from Port William to the Pacific coast, stated that that company will launch two vessels in January which will be the largest vessels that have been launched among the largest vessels afloat, they will have a displacement of 13,000 tons.

## LIVELY DOINGS PROMISED FOR PUBLIC MEETING

Tonight's Gathering Will Discuss Street Naming and House Numbering.

MAYOR SHORT AND J. L. HUGHES FOR SYSTEM

Joseph Clarke and Others Will Take the Other Side of Question at Empire Auditorium.

The public meeting called for tonight to discuss the new street naming and house numbering system promises to be one of the liveliest gatherings held so far this year. At the request of about 187 ratepayers who had signed a petition the mayor called the public meeting for tonight. It will be held at 8 o'clock in the New Empire auditorium. Many of the citizens are opposed to the new system and have already secured an injunction so that the work has temporarily been abandoned. In the meantime, pending the outcome of the injunction, the public will meet and hear the merits and the demerits of the system thoroughly thrashed out.

There will be present at the meeting tonight Mayor Short and other city officials, who have had the details. J. L. Hughes, who has had the work of renumbering in hand will explain further the advantageous points of the system, and how it will be an improvement on the other method of numbering.

On the other hand such stalwarts as Solicitor Clarke, Alderman East and others will show up the absurdity of the new system and how unwieldy and impracticable it really is. There will be a full and free discussion of the whole subject, and those who are in any way interested should not fail to put in an appearance tonight and hear both sides of the proposition.

## OFFERING LARGE RANSOMS FOR MISSIONARIES

Chinese Making Every Effort to Secure Safe Return of American Captives.

AMERICAN LEGATION HAS GRAVE FEARS FOR THEM

Reported One Woman Was Injured During Fighting—No Official News Has Been Received.

Peking, Oct. 4.—The American legation fears the consequences of the fighting which has already occurred between the government forces and bandits at Tsao Yang, in spite of the instructions issued at Peking.

The government has telegraphed to the authorities at Nsang Yang Fu to offer liberal rewards if all the missionaries at the Tsao Yang are recovered alive. It is understood that no official news has been received here regarding the fate of the missionaries, Dr. and Mrs. T. Milligan, the American charge d'affaires at Peking, had notified the state department at Washington that the English, as yet had not been able to learn the names of the brigands.

The American consul general at Shanghai, J. P. Jameson, has been threatened by the bandits that one of the foreign women was injured, probably when the town was attacked. The captives, according to the latest reports, are Rev. George Hoffa, wife and son, and Miss Sather, Americans; Miss C. J. Rasmussen, Mr. Brobal and Rev. H. Frasier and wife, Norwegians. The three sons of Mr. and Mrs. Frasier was killed. The five Chang missionaries promise to communicate immediately with the American legation as soon as news is received from Rev. Chinelun Strickland and Rev. Mr. Johnson, who are reported as being outside of the

## CURED DISEASES OF THE KIDNEYS

And is Depended on to Right Stomach and Liver Disorders

Once Dr Chase's Kidney-Liver Pills are introduced into the family and their efficiency becomes known they are usually found too valuable to do without. For everyday ills arising from liver and bowel disorders they bring relief promptly, and when complicated diseases of the kidneys and liver develop they often prove a successful cure after doctors have failed. As an illustration, you may read the following, which was received a few days ago:

Mrs. John Wright, 53 McGee street, Toronto, Ont, states: "We have used Dr. Chase's Kidney-Liver Pills for ten years and would not be without them. My husband suffered from kidney trouble, and after taking treatment from several doctors without receiving any benefit, tried Dr. Chase's Kidney-Liver Pills, which worked a complete cure. Since that time we have used them for all stomach and liver disorders."

One pill a dose, 2 cents a box, all dealers or Edmanson, Bates & Co., Limited, Toronto.

## "RIOT IN TORONTO IF GIBSON HANGS," SAYS LENNOX, K.C.

Prominent Members of Law and Clergy Urge Clemency on Man's Behalf.

OVER THIRTY-SEVEN THOUSAND SIGN PETITION

Sir Henry Pellatt and Rev. John McNeill Join Petitioners at Ottawa.

Ottawa, Ont., Oct. 4.—In a final effort to have Charles Gibson, of Toronto, escape the gallows, Herbert Lennox, K.C., and Rev. Mr. Laing arrived in Ottawa this morning and will be joined this evening by Sir Henry Pellatt and Rev. John McNeill. They will remain here until the case is disposed of. Messrs. Lennox and Laing had an interview today with the premier and Hon. W. T. White, and went over the evidence. There will be no decision before midday on the great event, and quite probably not before tomorrow. The difficulty which presents itself in the case of Gibson is that if the alienist board decides that he should take its course. In view of the largely signed petitions praying for the exercise of clemency, should the latter be the case, the grand jury again. "There will be a riot in Toronto if Gibson is hanged," declared Mr. Lennox. "I have in my possession petitions with exactly 37,548 names, and more are on the way."

**Fruit Rates Inquiry Continues.**

Ottawa, Oct. 6.—It is expected here the date for reopening the western fruit rates inquiry will be fixed for the end of the week. It is stated that the majority of the exhibits are now in the hands of the board and the commissioners are now simply waiting to know when they may expect delegates to look them over.

**Sun Yang with the soldiers.**

Four thousand government soldiers completely surrounded the city of Sun Yang, where a number of American and Norwegian missionaries are in the hands of the Chinese bandits. Official telegrams received today at the office of General Li Yuan Hung, vice-president of the republic, report an attempt on the part of the bandits to make their way out of the city. On Thursday evening, they succeeded in cutting their way through the strong government cordon, but failed. Desultory fighting ensued for several hours and the bandits were driven back into the city. Two hundred bandits and 11 horses were killed.

One report estimates that the bandits number 2,000, all of them well armed. Skirmishes are occurring daily.

# HAD A STROKE OF PARALYSIS

## And Found a Cure in Dr. Chase's Nerve Food

It is always better to prevent serious diseases of the nerves. There are many warnings, such as sleeplessness, irritability, headaches and nervous indigestion.

Prostration, paralysis and locomotor ataxia only come when the nervous system is greatly exhausted. Even though your ailment may not yet be very serious, there is a great satisfaction in knowing that Dr. Chase's Nerve Food will cure paralysis in its earlier stages.

Mrs. R. Bright, 215 Booth avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak, nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of my husband and we cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

# RUSSIA'S PROSECUTION OF MINDIS BEING PROTESTED BY JEWS

## Jewish People of Regina Take up Matter of Man Who Has Been in Prison Two Years.

Regina, Oct. 6—In accordance with a world-wide movement to protest against the accusations of the Russian government that Mindili Bailis, of Kiev, Russia, used human blood in celebrating the feast of the Passover, a Jewish ceremony, a mass meeting of the Jews was held in the new synagogue on Saturday evening. A strong protest was filed at the meeting and a committee was appointed to wait upon the members of the city council in an effort to get them to take similar action at their next meeting and also to see that the protests get publicity in the local papers.

The accusation of the Russian government is considered as an insult to the Jewish race, and meetings of protest are being held in all parts of the world. They claim that there is no blood, human or otherwise, used at the ceremony, and state that the charge is denied by the highest dignitaries in England and other countries. They also declare that Bailis will not be given a fair trial in Russia, as all attempts to have favorable evidence brought into the court have been thwarted. According to information Bailis has been in prison for two years awaiting trial.

The feast of the passover is celebrated in April.

# PRESIDENT U.S.A. HIGHLY PRAISED BY BRITISH PAPERS

## According to Telegraph U.S. is Now Practically Free Trade Country.

## PEOPLE REAL RULERS SHOWN BY TARIFF LAWS

## One Paper States High Cost Living in U.S. Will Not be Lessened.

London, Oct. 6—The Daily Mail, in an editorial this morning, thinks that both the American people who anticipated a reduction in the cost of living from the new tariff act, and British manufacturers who imagine that it will open fresh and profitable markets for their goods, are alike destined to be disappointed, as the customs duties are only one of the complex matters affecting prices, and the duties will still be generally high enough to preserve the bulk of the home market to American manufacturers.

"The passage of the bill, however," adds the paper, "has rescued the national fiscal policy from the grip of privilege, and proves that at times the people really do rule."

The Unionist morning papers, commenting on the signing of the tariff bill, take pains to explain, as the Morning Post praises it: "It is absurd to pretend that the democrat policy has any connection with the tenets of Cobdenism," but are in full agreement with the liberal organs in ascribing the success of the passage of the bill to the skill of President Wilson.

The Post expresses apprehension that President Wilson's very success may be dangerous for the democratic party, since it may lead him to drive the democratic legislators too hard and thereby provoke a temper that would destroy the good understanding between himself and congress. The Daily Telegraph says:

"President Wilson has played a winning game with a force and brilliancy which has won for him a reputation more solid than any popularity enjoyed by an American statesman for 50 years past." The Daily News says:

"America is today practically a free trade country. There has been no free trade achievement at all comparable with this event since Peel abolished the corn laws. This revolution is the biggest thing that has happened for America since 1861, and President Wilson America has produced a courageous, as well as the most constructive, statesman in the world today."

### CHIEF CLERK RESIGNS.

Ottawa, Oct. 6.—Charles Jones, chief clerk in the office of the governor-general, has been superannuated. He is resigning, succeeded by Mr. Arthur Sladen, who has been civil secretary to Lord Minto, Lord Grey and the Duke of Connaught.

Mr. Sladen will continue the duties of secretary with those of chief clerk in the governor general's office.

### C.P.R. OFFICIAL PROMOTED.

Winnipeg, Man., Oct. 6.—H. H. Lynch, who has for many years been connected with the C.P.R. in Brandon, has been appointed general chairman of the Brotherhood of Locomotive Firemen and Enginemen, and will shortly take up his residence in this city.

Mr. Lynch will have to relinquish his position on the C.P.R., as he will be required to travel from coast to coast dealing with all complaints received by the brotherhood.

### SPORTSMAN INJURED BY FALL.

Prince Albert, Sask., Oct. 6.—Percy Dore, painter, color-sergeant in the 52nd regiment, and captain of the city football team, champions of the province, lies in the hospital in a precarious condition as a result of a 24-foot fall this morning.

He was working on the new Bank of Commerce building here, when the Scaffolding collapsed, dropping him squarely on top of his head.

Some people are so obstinate they won't start the furnace fire yet.

And others simply haven't the coal.

# THE DAILY CAPITAL'S CLASSIFIED AD. CONTEST

## Three Months' Ticket to Orpheum Picture Theatre This Week's Prize. Next Week a $5.00 Order on Lane's 5c, 10c, 15c and 25c Store

Nearly everyone reads the "want ads." They are interesting reading, and besides opportunity often rings your door bell through the medium of a classified ad. To be paid for reading them, however, is a new idea. The DAILY CAPITAL is going to give its readers a chance to win a prize by careful perusal of "want ads" in the paper each day.

The first prize to be offered will be a three months' pass to the Orpheum picture theatre. Everyone will have an equal opportunity to win this prize. The ones who do not win will have had the fun of participating in the contest without expense to themselves and everyone loves a good game whether he wins or loses.

If you do not win a prize the first time you will have other chances for these contests are to be made weekly affairs with a different prize each week. The first contest will start on Monday, October 6, and end Saturday night October 11, the prize being the one mentioned above. The following week the prize offered will be $5.00 in trade at Lane's 5, 10, 15 and 25 cents store. Other prizes will be announced later.

And now you are anxious to know just how you are to go about winning this prize? It is very simple. At the beginning of each week a paragraph of 25 words will be published conspicuously in the CAPITAL and during the week the words which comprise this paragraph will be placed in parentheses through the classified ads, a few words each day.

At the end of the week if you have been diligent you will have the entire paragraph. Then the first one to the Capital with the correct sentence will win the prize. There are rules to be carried out in the contest and they are stated explicitly in an ad about the contest on the classified page.

The paragraph to be used this week will be as follows:

"Use Capital Want Ads to rent your house, your rooms, to sell your real estate, hire your help, to secure a position. THEY BRING RESULTS."

Turn to the classified page which states the rules of the contest and study them well. Then familiarize yourself with the above paragraph. Get the Capital every day and watch for words inserted through the want ads in parentheses. Be sure you have them all each day. No regular number will be printed each day. There may be two one day and five the next, so be sure you have not missed any.

For further particulars or information in regard to this contest, phone the Capital 1166, and ask for contest manager.

# PARCEL POST BLOCKED BY INADEQUATE P.O.s

Ottawa, Oct. 6.—Inadequacy of post offices throughout the Dominion is proving a serious stumbling block in the way of the establishment of a parcel post.

The government has now one or more inspectors looking into the important phase of the question and it is being found that in some of the cities and towns post offices are too small to meet the demand which the parcels post will make. Ottawa is given as an illustration of this condition of things. For the past two or three years the local post office has been found hopelessly inadequate during the Christmas rush and the addition of a parcels post would be well calculated to cripple it hopelessly.

This same difficulty was encountered in the United States, although it was not of such a serious character there as it will be in Canada where the growth of the country during the past few years has been all too rapid for the growth of adequate buildings.

The housewife should remember that her family needs green food the year round.

# "REMOVE DUTY" CRIES TORONTO WORLD

## Conservative Paper Comes Out Strongly For Free Wheat.

Toronto, Oct. 6—The Toronto World (conservative) is vigorously advocating the removal of the Canadian duty on wheat, so that western wheat may enter the States duty free. This morning it says:

"Here are some interesting facts which the World presents to the Canadian people, particularly the price of wheat, of the class of our western wheat, is higher in the States than in Canada. Mr. James Carruthers, our leading grain dealer, is only one of our authorities on that point.

"Freight rates on wheat are lower in the United States than in Canada.

"With free entry into the United States, and we can get it by withdrawing our duty on wheat, our farmers will get higher prices and lower freight.

"As long as we keep on the duty the Canadian Pacific railway is master of the situation, and it is master of the freights. It is the chief factor in the merger on our lake and river transportation, and during the seaboard, and it is the chief factor of the North Atlantic ocean combine.

"Cut out the duty and the Canadian Pacific railway has got to give such freight reductions as will let Canadian buyers give American prices for wheat to Canadian farmers, and at the same time secure for Canadians American freight rates.

"The Canadian Pacific octopus has got to surrender, and to surrender quickly.

"The public men of Canada, and the press of Canada, have been and are absolutely mum on these points. Why?"

# SERIOUS CAR SHORTAGE AT LAIRD AND LANGHAM

## Claim Made That Empties Rushed West, by Instruction, for Coal.

Saskatoon, Oct. 6.—At Ardath the threshing is estimated to be completed by the end of the week. The wheat grading mainly numbers 1 and 2 Northern, and average 20 bushels to the acre.

At Craven 75 per cent. of threshing is done and all will be finished within two weeks.

At Cupar 161 cars of wheat have been shipped and 34,000 bushels are in store at the elevators. A plentiful supply of cars are available.

At Laird, on the C. N. R., a serious car shortage is being faced, according to reports from that point. Much wheat is being threshed on to the ground, as the farmers made no preparations to supply storage space, anticipating no shortage of cars.

At Langham there are complaints of a shortage of cars, the statement being made that all empties are to be rushed west to handle coal, and that conductors have instructions to this effect.

# SUFFRAGETTES WANT TO BE INCLUDED IN PRAYERS.

London, Oct. 6.—Because the clergy do not include women in their practices a party of suffragettes yesterday interrupted the morning service at Westminster Abbey by chanting a prayer for the women now in prison.

The party rose as the litany was being recited and refused a request to desist from singing. At the conclusion the women left the Abbey quietly. Addressing a crowd outside, one of them said:

"This is nothing to what will happen unless women are included in clergy's prayers."

### TEA.

Mrs. John Kelly, of 107th street, was the hostess of a large tea on Friday afternoon. The spacious rooms were decorated with astera, carnations and ferns. The tea table was charming with cut-glass bowls of sweet peas and ferns set upon a mirror. A lace cloth and doilies covered the table.

Mrs. A. D. Grant, Mrs. Cecil Holmes and Mrs. Poucher poured tea and coffee, and looked after the delicious ices.

Mrs. Kelly wore a smart gown of cerise satin with blue chiffon draperies and silver trimming.

Mrs. John Chadwick assisted.

### THE DEBUTANTES AT THE CHARITY BALL.

Miss Jean Logan wore a dainty frock of white satin with a silver spangled tunic and carried a bouquet of pink and white roses.

Miss Helen Webster wore an accordian pleated white crepe de chene with pink crepe draperies edged with diamente—she carried pink roses.

Miss Clara Coupez had on a lovely gown of white crepe de chene and lace with pearl trimming, white osprey in her hair.

Miss Alice May wore a white brocade crepe over a lace petticoat, the draped tunic caught with a brilliant ornament; a silver band with brilliants was worn in her hair.

### PUBLIC RECEPTION AT Y.

Next Thursday evening from 8 until 10.30 a public reception will be held at the Y.M.C.A. in honor of the assistant secretary, Mr. H. S. Sneyd, who will shortly leave to take up association work at Yokohama, Japan.

All friends of Mr. Sneyd are asked to avail themselves of this opportunity of saying good-bye to him. The reception is being arranged jointly by the board and the residents of the dormitories. A good program of music and light refreshments will be provided.

Valuable Discovery in Complexion Beautifier

(From the Home Maker.)

Because of its peculiar power of absorption, also because it serves every emollient purpose, ordinary mercolized wax is perhaps the most valuable complexion beautifier discovered within recent years. If one uses this she needs no toilet cream. Some use powder afterward, but this is not necessary. This rule for applying mercolized wax has been found very satisfactory: Wash the face with warm water, drying lightly. Before thoroughly dry, anoint face and neck with the wax, but don't rub it in. The favorite way is to use before retiring, allowing it to remain on all night and washing it off in the morning with warm water. All druggists have this wax in original one-ounce packages.

For the removal of a wrinkled or flabby condition there's nothing better than to bathe the face in a solution made by dissolving one ounce powdered saxolite in ½ pint witch hazel. Beneficial results are quickly noticeable.

## FIRST MEETING OF MUSICAL CLUB IS DECIDED SUCCESS

Although the members of the Women's Musical club were disappointed in the hearing of Liza Lehmann's "In a Persian Garden," the impromptu program which was hurriedly got together proved to be a most enjoyable one, those coming forward so willingly at a moment's notice giving of their best.

Miss Constance Buck and Ernest Beaufort, who were both in excellent voice, each gave a vocal solo, Mr. Sedgewick charmed his hearers with a violin solo, Miss Margaret Miller was heard in a brilliant piano number, and Major Watts most ably conducted a small orchestra in two short pieces which opened the program.

The three Chopin numbers, "Polonaise in C sharp minor," "Impromptu in C sharp minor," and "Military Polonaise in A major," were given with a brilliance and dash of which all who know his playing realize Vernon Barford to be capable. Three charming songs from a song suite, "On Thelum River," by Amy Woodforde Finden, were sung in H. G. Turner's finished style, and this number brought the program to a close.

Before the commencement of the musical program, the president, Mrs. David Bowman, made a few remarks in well-chosen words and in her usual lucid manner. While much of what she said was of an intimate character, only interesting the members of the club, several points touched on were of outside interest. Mrs. Bowman referred sympathetically to the passing on of two of the club's members. She stated that, resulting from the kind co-operation of Mr. Hill, the librarian, a number of valuable works on music would now be found on the shelves of the Edmonton library, north side, and which would be available for anyone in the city interested in the art of music.

Referring shortly to the generous manner in which professional musicians came forward and gave their services to the club, the president gave it as her opinion that the least members could do, in order to show their appreciation of these services, was to attend recitals wherever they might be given by the musicians in question. Expressing her assurance that this season members would be given the opportunity of hearing some fine programs, Mrs. Bowman concluded her graceful little address with the words "Shall the motto of each member of the club be 'To do all I can and be kind.'"

### MDLLE. CLARA MAKES EDMONTON DEBUT

A distinct change from the ordinary means of attracting the public, and that which promises to be an unusual treat especially for lovers of good music, will be the extra double numbers put on by the management of the Orpheum Theatre next week. Mdlle. Clara, violin soloist, who will for the first time make her public debut for the benefit of Edmontonians, will charm the audience with those selections which have so often delighted the crowded houses on her recent tour through England, on the Eagle Hippodrome circuit of London.

As a soloist, Syd O'Keefe, the Irish tenor, is in a distinct class by himself. His interpretation of those beautiful Irish, Scotch, American and English ballads is of the highest order and the sweet quality of his voice, which won him the greatest honors at the Saskatchewan provincial Musical Festival in 1912, will no doubt carry the hearts of those fortunate enough to hear him. In speaking to manager Ahrens, he said that adding these special attractions each week will in no way reduce the high quality of pictures now shown at the Orpheum. He aims especially during the coming season to put on extra attractions to interest ladies and children. The price of admission to remain the same as usual.

Edmonton, Alta.—A delightful secret disclosed of restoring baldness and poor complexion. Quite inexpensive and decidedly harmless. Send $1.00 to S. F. Wilson, 733 Norwood Blvd. Hair sure to return; and all defects as chaps, roughness, freckles, pimples, blotches and blackheads will disappear.

Joe Welch, the greatest impersonator in vaudeville—Orpheum bill, Empire theatre the first half of this week.

## FOOTLIGHT FLASHES.

Night in Mexico at Pantages.

"A Night in Mexico," a musical comedy tabloid to headline the Pantages bill all this week, is a travesty on the present situation in Mexico. It is written and is being produced by Alf. Goulding who plays the role of a sailor and finds himself in many comical and ridiculous situations before the act is finished. Incidentally he escapes a death sentence by the aid of Mannelo, a Spanish Cigar girl, which part is portrayed by dainty Gladys Goulding. It would be divulging too much of the fun to describe any more of the story. The rest of the principals are very clever performers. The ensemble of girls is dainty and fetching and amongst the popular musical numbers are "Girls, Girls, Girls," by Paisley Noon and Gladys Goulding. "I Want to Sing in Opera" by Alf. Goulding and "Syncopated Boogie Boo" by Miss Goulding.

The added attraction for the week will be supplied by Alexander Kaminsky, the famous and clever Russian violinist. Mr. Kaminsky is being accompanied by his daughter, Miss Olga, who plays beautifully on the piano.

Another feature act will be presented by the Four Charlies who do some clever scenic juggling and acrobatic work. Sharkey and Hall will introduce some new dances. Archer and Ingersoll will be heard in some catchy songs. Sam Hood is a clever blackface comedian.

The crime playlet with its indefinable charm and suspense is among us again, with none other in the stellar role than S. Miller Kent, an actor who takes his place among such American actors as John Mason, Frank Keenan and others. Like many another Thespian Mr. Kent realizes the advantage an actor has by playing to vaudeville audiences in first class attractions, and he has again entered the variety field after a long and successful career in the "legitimate." "The Real Q" is the title of his new playlet, and it possesses all the ingredients of a well sustained and carefully carefully written playlet. Mr. Kent and his excellent company will headline the Orpheum bill at the Empire theatre the first half of this week, starting with a matinee today.

Joe Welch is numbered among the best impersonators on the American state. He has many imitators, but no equals where the depicting of Hebrew character is concerned. The three Collegians, purveyors of fun, melody and club swinging par excellence are returning in a well selected bunch of material, which they know how to put over the footlights in the best style.

Fred Warren and Effie Conley designate their offering "A Vaudeville Mixture, which means that every thing up-to-date is in the song, dance and patter line. Ralph Smalley is a 'collist, who has the reputation of playing in the 'cello section of the famous Boston Symphony orchestra for several years. Arco Brothers, gymnasts, and Mlle. Tina complete the bill with the thrills usually associated with athletics of any kind.

### "COUNTRY BOY" AT EMPIRE THEATRE END OF WEEK

"The Country Boy," Edgar Selwyn's remarkably successful play of city life, which the Henry B Harris Estate will present at the Empire theatre October 9, 10 and 11, should not be confused with plays of similar titles. This comedy is acknowledged to be one of the biggest successes of the present season and has been received with unusual marks of approval in New York, Chicago and Philadelphia. It is a first-class production in every respect and the excellent cast which Mr. Harris has selected for the interpretation of the various interesting roles of the play includes Claire Whitney, Eleanor Huber, Lizzie McCall, Hazel Frost, Marion Stephenson, Lettie Ford, Jason Roberts, W. G. Ryder, James Lee Wiley, Wm. Levis, Charles Rondeau and Wm. Wilson.

### PROVING IT.

A class in French at a co-ed college was orally translating a story about a cow from French into English.

One girl persistently called the cow "he" a number of times, until the professor stopped her short and said: "He is she, miss; we milk her in the next sentence."

# ELIZA KENNEDY, WIDOW OF ARCTIC EXPLORER, IS DEAD

## Deceased a Noted Woman Pioneer of Prairie Provinces Since 1861.

## WAS AN ACTIVE MISSIONARY WORKER

## Ministered to Wants of Natives —After long Residence at St. Andrew's Moves to Virden in 1890.

Virden, Man., Oct. 6.—Mrs. Elanor Eliza Kennedy, widow of Capt. William Kennedy, the famous Arctic explorer, died here yesterday, aged 88.

Mrs. Kennedy was a noted personage in this province, having come to Manitoba (then Red River Settlement), in 1861. She went to Oak Point, Lake Manitoba, the same year, to work under the auspices of the Canadian Church Missionary society and found a well-established Roman Catholic mission and Anglican clergymen in the field. After a winter strenuously spent in teaching and ministering to the wants of many natives there, she went back and settled with her husband in the parish of St. Andrew's, Manitoba, having been deterred by the outbreak of the Sioux massacre in Minnesota, from returning to England. After the death of Captain Kennedy in 1890 she moved here, where she resided up to the time of her demise.

## PETE LINDSAY, FORT FARMER, FOUND DEAD FROM BULLET WOUND

Superintendent Wroughton, R.N.W.M.P., Saturday was notified of the finding of the body by the roadside of Peter Lindsay, a homesteader living 30 miles north of Fort Saskatchewan. Lindsay had been shot through the breast. No farther particulars were received. Coroner Forin will hold an inquest today to determine if possible the manner in which Lindsay met his death.

## JAPAN WILL PROPOSE NEW TREATY WITH U.S.

Tokio, Oct. 6.—The newspaper Jiji Shimpo says that negotiations are shortly to be re-opened with the United States in the matter of the California land act.

"Japan," says the paper, "desiring to reach a fundamental solution of the California question, and finding the acquisition of neutralization for Japanese in California most difficult, is about to propose a new treaty with the U. S. Formal negotiations, which have been delayed on account of Washington's pre-occupation with the Mexican trouble and the tariff bill, will be begun at an early date."

## PRESIDENTIAL ELECTION IN CHINESE REPUBLIC TODAY

Peking, Oct. 6.—The presidential election in the Chinese republic is to take place today. The members of the two parties of parliament will assemble in the morning for that purpose. Immediately after the election the powers will recognize the Chinese republic. It is asserted here that Japan has taken a prominent part in the movement for recognition and that relations between the Chinese and Japanese governments have greatly improved on this account.

# GAS, DYSPEPSIA AND INDIGESTION

## "Pape's Diapepsin" settles sour, gassy stomachs in five minutes—Time It!

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble have made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

# PAN. EXPERIENCES EARTHQUAKE SHOCK

## Buildings Severely Shaken But No Great Damage Done—Winnipeg Report.

Panama, Oct. 6.—Another earthquake shock occurred on the Isthmus at 5:6 o'clock on Saturday afternoon. It was almost equal in intensity to the shock of Wednesday, its duration being from 10 to 15 seconds. Buildings were severely shaken, but apparently no damage was done beyond the falling of plaster and the opening of slight fissures in the case of a few structures.

Reports from the canal zone officials indicate that neither the locks nor any part of the canal suffered in any degree whatever.

The recording instruments indicated that the shock on Saturday afternoon had about half the intensity of the one Wednesday night, and covered the same territory with the central point 110 miles from Panama City.

The instruments further showed a tremor also occurred at 4 o'clock in the morning, and that in all there was about 18 distinct movements.

**Winnipeg Feels Shock.**

Winnipeg, Oct. 6.—The earthquake which occurred at the Isthmus of Panama was recorded by the St. Boniface College seismograph on Saturday, the time and distance shown corresponding to the report received. Rev. Father Blain, S.J., professor of sciences at the college, stated that the quakes at Panama were clearly recorded. Although the shocks were due south, they were recorded almost due west. This, said Father Blain, is explained by the fact that the shocks follow the Rocky Mountains.

## GENERAL SECRETARY EDUCATION SOCIETY SPEAKS OF PROGRESS

Rev. J. W. Graham, B.A., B.D., general secretary of the Educational Society of the Methodist churcn of Canada, occupied the pulpit in McDougall Methodist church last night and spoke of the progress of the work throughout the Dominion. Dr. Graham spoke particularly of the growth of the work in the western provinces and said that last year the provinces of Alberta and Saskatchewan sent more probationers to college than the whole of the Dominion had done six years ago when the work was first commenced. He made an earnest appeal for funds and said that although he knew the appropriations of the church were made under the budget system he hoped that individual members would feel the necessity of contributing more money to the cause.

## NAPLES HAS BABY EARTHQUAKE

Naples, Oct. 6—A strong earthquake shock occurred here at 7.20 Saturday evening. It lasted 30 seconds and was followed by another shock at 7.30. Both were undulatory and caused a considerable panic, though the damage was insignificant.

Shocks occurred also in the nearby provinces, particularly Avelinno, where the inhabitants abandoned their houses. In the province of Foggia many of the villagers are camping in the fields.

## G. N. PASSENGER TRAIN BURNT UP

Minot, N. D., Oct. 6.—Train No. 220 on the Great Northern railway was totally destroyed by fire in the yards at Crosby, N. D. yesterday morning following a trip from the southern part of the state, but no one was injured. The train was standing in the yards at Crosby waiting until Monday to resume service (it does not run on Sunday.) Two coaches and the combination mail and baggage car, of which the train is composed, was destroyed by fire.

Nothing spoils a genius quite so quickly as the discovery that he is one.

## MANY IN LINE-UP AT PHILADELPHIA TO GET TICKETS

Crowd Waits All Night to Secure Choice Seats for World's Series.

ATHLETICS WILL LEAVE FOR NEW YORK TONIGHT

All Players in Good Condition Except Orr, First Utility Man, Who Has Broken Hand.

Philadelphia, Oct. 6—Men, women and boys were lined up here all last night in front of the department store where the advance sale of tickets for the world's series games, to be played here, opened at 9 o'clock this morning. First in the line, which before midnight extended for more than a city block, are two messenger boys who took their positions here early in the afternoon. Each had an empty soap box to sit on and a package of lunch. They declared they did not expect to be relieved and were the first to purchase the coveted tickets. Shortly after the boys started the line, a colored man arrived with a big rocking chair, on which he proceeded to make himself comfortable. The first woman to take her place among the ticket purchasers arrived at 2 o'clock. She was No. 30 in the line and was accompanied by her husband. The American league champions will have their final practice here today and will leave at 8 o'clock tonight for New York to be prepared for the opening game with the Giants there tomorrow.

The regulars on Connie Mack's team will oppose a team of subs with eight pitchers in the practice game at Shibe Park this afternoon. It is believed that Bender will be chosen to oppose Mathewson in the opening game, while Schang is expected to be the receiving end. Plank and Lapp, however, may be the battery in case Manager McGraw should decide to send Marquard to the mound.

All the Athletic regulars are in fine condition but Orr, first utility infielder, who broke his hand in the game with the Highlanders on Friday, will be out of the series. Lavan, however, can give a good account of himself at second or third, and the veteran Harry Davis could step into the breach in case of injury to McInnes.

### HAMILTON TIGERS BEAT HAMILTON ARGONAUTS

Open Big Four Rugby Season With Decisive Win Score Being 24 to 14.

Hamilton, Ont., Oct. 6.—The Tigers opened the big four season here Saturday by handing the Toronto Argonauts a defeat, the score being 24 to 14. It was a hard fought game, and the oarsmen always had a chance until Mallett dropped a goal from the field when there was only about 10 minutes remaining to play. Both teams played with a looseness that should disappear as the season progresses, but the aggregations are very close matched in every department and it would be hard to say where the "jungle terrors" had the advantage over last year's champions. The tiger line did not pound the holes in the double blue that some of their supporters expected. In the first period they were unable to get their yards though they were able to buck over once for a try when they managed to get the ball right on the line. The Argo line tired in the last quarter and the Tigers battled through for big gains.

The man who uses religion as a cloak in this world may have more use for a smoking jacket in the next.

## *Calgary Tigers Beat Varsity in Hard Fought Rugby Game*

### Both Teams Play Spectacular Football and Game is Close From Start To Finish—Large Crowd Sees Game.

In a hard fought game replete with spectacular runs and tackles the Calgary Tigers defeated the Alberta University team here Saturday afternoon in one of the best rugby games that has been played in Edmonton for some time. From the spectators' standpoint the game was a daisy, both teams resorting to open play and lots of kicking. The final outcome was uncertain until the last minute the Tigers winning by the small margin of 8 to 0.

The day was ideal for football and nearly 2,000 people were on the sidelines. The rugby and soccer games were played as a double header and as both games could be seen for one admission the attendance was larger than usual for football in Edmonton.

As Calgary teams played in both the rugby and soccer matches there was quite a band of rooters from the southern town out to see the games.

One meritable feature of the game was the lack of rough or rather dirty playing. The game was clean throughout and there seemed to be no hard feeling.

On several occasions it looked as if the Varsity were going to get a man across the Tiger's goal for a try which would have saved them from defeat if converted. Logan, the speedy captain of the Varsity, got away on one run for a 30 yard gain, and one more successful dodge and he would have evaded the last of his pursuers and gotten clear away. As it was his run was the feature of the game. Running through the entire Calgary squad he managed by rabbit-like tactics to escape being tackled until Calgary's last hope was reached where he went down so hard he lost the ball. One of his colleagues fell on it however. At another time Logan got away for a brilliant run and several times Varsity men broke through or went round the ends fairly running their huskier opponents off their feet.

The collegians carried the ball for a total distance fully equal to the Tiger gains but were not fortunate enough to get away when near their opponents goal.

Calgary scored four of its points on rouges. The other four points were made by safety touches near the close of the game. It was only by superior kicking that they were able to beat the plucky Varsity lads. All the Tigers' best gains were made by a series of passes-a play which they have perfected well and had they used it more they would have doubtless run up a bigger score for it was a most baffling play and the Varsity wings were running their legs off to stop it.

Just as the tackler thought he had nailed his man the runner passed the ball to his mate who duplicated the stunt when he had gone his limit. It is a very effective play if the passing is done accurately without fumbling. The Tigers were passing nicely and it was only because the Varsity wings were a little speedier that they were not able to get entirely away with it.

Perhaps if the Varsity had resorted to kicking more they would have scored for they were within striking distance of the Tigers' goal on several occasions but they were hopeful of getting over for a try and usually lost the ball on downs. Although fullback Williams got his punts away nicely the Tigers had it on them at kicking. Williams who went in at full for the Tigers in the last half being an artist at this kind of game. The Varsity was quicker at recovering fumbles and many times after a punt they recovered the ball which netted them very substantial gains.

Logan Wilson and McDonald starred for the University, while Wark, Hickey, and in fact all the Calgary backfield played well. The Tigers' teamwork was good but they seem to need a few men with a little more speed who can get away for sprints after they have evaded their opponents with one of their triple passes.

Following is the way the two teams lined up:

Tigers—Fullback, Hickey and Williams; halves, Wark, Toby and Fossitt; inside wings, Whitaker and Stewart; mid-wings, Watt and McIntyre; outside wings, Fitzgibbons and Patterson; scrims, McHugh, Gordon and Woods; quarter, Pearce.

Varsity—Fullback, Wilson; halves, Mattern, Parson and Lopston; mid-wings, Cacsaden and Buck; inside wings, Smith and Sweetman; outside wings, Logan and McDonald; scrims, Ottewell, Simpson and Aitcheson; quarter, Parsons.

## ALL READY FOR RAISING CURTAIN ON WORLD'S PLAY

Giants and Athletics in Fine Form Though Snodgrass is Disabled.

HAS BAD CHABLEY HORSE—SHAFER TO REPLACE HIM

8000 Reserved Seat Tickets Distributed Among Baseball Men and Patrons Long Standing.

New York, Oct. 6.—Final stages of preparation for the series between the New York Nationals and the Philadelphia Americans to decide the baseball championship of the world are at hand with the assembling here of the National commission to put the last touches of the arrangements for the big event. August Hermann, chairman of the commission, and Thos. J. Lynch, president of the National league, already are on the ground, and Ban B. Johnson, president of the American league, the third member of the governing baseball body, is expected early today.

The commission is scheduled to meet this morning, give its instruction to the umpire, and clear up any points of uncertainty that may remain regarding the playing of the series. All then will be in readiness for the calling of the play at he Polo grounds at 2 o'clock Tuesday afternoon for the opening game of the four or more which will tell whether the world laureis of 1912 are to rest with the men under the tutelage of John J. McGraw or the band of athletes guided by Connie Mack.

Distribution of the 8,000 odd reserved seat tickets for the series at the New York grounds was well under way yesterday, and the prized cards of admission will all be in the hands of those to whom they have been assigned by them. The greater part of these tickets have gone to baseball men throughout the country and to New York club patrons of long standing. Aside from these 5,000 seats in the upper stand at the polo grounds and the few required for working press representatives, no reservations have been made either by the New York club or the National commission, and some 30,000 seats in the lower stand and bleachers will be available to the public at the grounds for each game of the series.

So far as the condition of the team which will do battle is concerned, there seems to be no doubt that all the regulars of the Athletics will be ready to take the field and play the game without physical handicap. Not so much can be said for the Giants. While it appeared to be settled last night that Larry Doyle, the dazzling second base man of the New Yorks, would be in shape to take his position at the beginning of the play on Tuesday, the impression prevailed that McGraw would be without the services of Fred Snodgrass, the team's regular centre fielder, when the series opened. Doyle, with the exception of a little stiffness in his throwing arm, appears to have recovered well from the effects of his recent automobile spill. Snodgrass' charley horse still is bothering him so much that it is out of the question to expect him to play to his usual form.

It looks to be probable, therefore, that the Giants will line up on Tuesday with Mordley Doyle, Fletcher and Herzog filling the infield positions, and with Burns, Shafer and Murray in the outfield. Some close watchers of the play of the team are inclined to think that the team as thus formed will be not a bit weaker than the lineup that included Snodgrass and left Herzog out. Herzog was one of the stars of last season's series with the Red Sox, hit batting being hard and timely and his "peppery" personality adding appreciably to the life and spirit of the team.

## *Edmonton Caledonian Soccer Team Provincial Champions*

### For the First Time Since 1908 Bennett Shield is Taken from Calgary—Local Team Plays Superior Football and Wins 2 to 0.

By defeating the Calgary Caledonian among the Calgary players of protesting soccer team Saturday afternoon to the time of "two to Nothing" the Edmonton Caledonians won the Alberta Soccer championship and the Bennett shield. This is the first time since the Bennett trophy was put up in 1908 that an Edmonton team has won it, Calgary has held the shield continuously since that time, defeating the Edmonton fullies four consecutive years in the annual games for the championship.

For this reason the local team's victory Saturday brought unusual joy to the hearts of the local soccer fans. The victory was a clean decisive one gained only by playing an exceptionally brilliant game. The teams were evenly matched and were in the game from start to finish with lots of "pep". The local callies had slightly the best of it on offensive play and goal keeper Parker did the rest, clever work, especially during the first half when the Calgary team was playing its best game was about as near perfect as that position can be played. Time and again he stopped shots that appeared to be sure goals, on one try only his extreme height saved him. It was the first game for some time that the lengthy goal keeper has had an opportunity to extend himself, and he seemed to take advantage of the opportunity to remind the fans of just how good a goal keeper he can be.

Tweedale starred as usual for the local team, both of the two goals being made by his well trained toe. He was ably assisted however by the other forwards, Davidson and Dickie helping him to the first goal and Collier making a beautiful pass to him for the second.

The first score came after about fifteen minutes of play. The Calgary players with the confidence born of many victories went right after the game at the first inleading to cinch it right there and they gave the Edmonton defence a busy time of it. But by the fast work of McIntosh and Kinsman the ball was taken from them and Davidson and Dickie after several efforts passed it up to Tweedale who made a fine shot for the first goal. From that time and until the close of the first half the teams played evenly.

At the beginning of the second half both teams started at a furious pace and it was then that the superiority of the Edmonton forwards asserted itself. Collier who seems to play a little game by himself made his opponent look old and decrepit at times by his clever footwork and "urists of speed. It was on one of these occasions that he carried the ball down the field and made a beautiful pass to Tweedale directly in front of the goal, and Edmonton's second and last goal resulted.

There was a little rough work at times and it looked for a few minutes toward the end of the game as if a general fight was eminent. Dickie and Stewart in chasing the ball jostled each other pretty roughly and Dickie fell heavy on Stewart and kicked him several times as he lay on the ground. Of course this brought trouble around his head shortly after and it was only by quick work on the part of the police and several cooler heads that a fight was averted.

Referee Le-V. Mills ordered Stewart to leave the field but he refused to do so. Mills then very called the game but he very sensibly refused to do so as he would have robbed Edmonton of its hard earned victory as it would have been necessary to play the game over again.

After the game there was some talk

## ENGLISH WOMAN STILL CHAMPION

Miss Muriel Dodd Defeats Miss Harvey, Canadian, in Golf Tourney.

Montreal, Oct. 6.—Outplaying her opponent at all stages and in all departments of golf Miss Muriel Dodd, the English open golf champion, added to her laurels over the links of Montreal Golf club Saturday when she defeated Miss Florence Harvey, of Hamilton, for the title, by seven up and five to play. The play was followed from tee to green and green to tee by an eager gallery of nearly 1000 golfers who hoped against hope that the Canadian player might overcome her opponent's lead and win out. This continued almost to the 13th hole, where the game terminated and the last Canadian player left to uphold the honors was eliminated.

# MOTORCYCLE RACES WON BY BRAMMELL

## Local Man Captures Trophies in Two Big Events of Saturday Meet.

The first race meet of the Edmonton Motorcycle club, which was organized only a couple of weeks ago, was pulled off at the Exhibition race track Saturday afternoon, and although the afternoon was cold and other attractions affected the attendance, the sport in itself was in no degree dampened, although no fast time was made owing to the small track, the events one and all were keenly contested and well staged. Fortunately, no accidents occurred to mar the afternoon's pleasure with the exception of a few minor spills, which amounted to very little.

One reason for the slow time was the sharpness of the turns on the half-mile track and the fact that the outside banks had hardly enough dip to enable the riders to take the outside course. Power had to be shut off entirely on the turns while the riders hugged the inner rail. The track itself was in splendid condition and smooth as a board.

The seventh and eleventh races were the big events of the day, and these were both won by Brammell on an Excelsior car. By winning them he captures the Tom L. Evans trophy given for local contenders in the seven mile race, and the Edmonton Bicycle and Motor trophy, given for winner of 10 mile race. Brammell also won the three mile race.

Following is the summary of the races, with make of winning machine:

Fifst race, 5 mile—1, Matty; 2, Clopstun; 3, Dammerell. Time—6.28. Harley Davidson.

Second race, 5 mile—1, Dricker; 2, Tarholton; 3, Coles. Time—6.51. Excelsior.

Third race, slow race—1, Abbott; 2, Dricker, Indian.

Fourth race, 3 mile—Dammerell; 2, Tarholton; 3, Leggett. Time—3.51. Excelsior.

Fifth race, 3 mile—1, Brammell; 2, Williams. Time—4.46 1-3. Excelsior.

Sixth race, 3 mile tandem—1, Terholton; 2, Cole. Time—4.12. Excelsior.

Seventh race, 5 mile—1, Brammell; 2, Leggett. Time—6.27. Excelsior.

Eighth race, novelty—1, Abbott; 2, Matty; 3, Hillier, Indian.

Ninth race, 7 mile—1, Baine, Calgary; 2, Brammell; 3, Munree. Time—9 min. Indian.

Tenth race—Called off.

Eleventh race, 10 miles—1, Brammell; 2, Barne; 3, Tarholton. Time—12.42. Excelsior.

# FINAL STANDINGS OF BIG LEAGUES

# LACROSSE PLAYERS BEAT UP REFEREE

## Entire Westminster team takes Part in Assault on Fred Lynch After Game.

New Westminster, B. C., Oct. 6.—Although winning the lacrosse game against Vancouver which gave them a comfortable lead on the series New Westminster players, alleging that he was unfair in his decisions, set upon Referee Ald. Fred Lynch, of New Westminster, former president of the Champions, and secretary of the P.C.L., on Saturday and before Lynch was finally rescued by police officials and friends he was badly beaten up. The assault took place in the Westminster club's dressing rooms immediately upon the conclusion of the match. Lynch made his way there to don his street attire, and he had no soner crossed the threshold than he was charged by the players, and with every one charging he was a mark for flying fists. As a result his face was badly battered and he was otherwise bruised. Friends of the referee outside appealed to a policeman to enter and afford him some protection, but it was several minutes before he could be prevailed upon to enter the room. He was followed by a number of lacrosse fans and the referee was finally rescued and escorted to a waiting automobile which conveyed him to his home in the Royal city.

It is understood that every Westminster player with the exception of Johnny Howard, who left before the trouble, piled on to the referee. Just what caused the trouble is not known but it is alleged that certain players had wagered $500 that the challengers would not score after half time. After this period play became rough and it was necessary for Lynch to bench two New Westminster men. Then the V. A. C. scored. Tommy Gifford hinted to one or two officials that there would be something doing after the game and then came the big mixup.

Playing much faster lacrosse, the V. A. C. held New Westminster to as near as three goals to five, the Minto cup defenders therefore barely holding their trophy by an aggregate goal in the two games, fourteen goals to four. The game was played before a crowd of 7,000 or 8,000 people, but the last quarter and the subsequent scene around the Westminster dressing rooms are not calculated to restore the national game to grace.

Lineup:

| Westminster. | Position. | V. A. C. |
|---|---|---|
| Clark | goal | Gibbon |
| Howard | Point | H. Painter |
| T. Rennie | Cover point | McCuag |
| Marshall | first defence | G. Matheson |
| H. Gifford | second defence | Burns |
| G. Rennie | third defence | C. Donohue |
| P. Fenny | centre | E. Matheson |
| W. Turnbull | third home | E. McLaren |
| I. Wintemute | second home | S. Gunn |
| C. Spring | first home | W. Peacock |
| L. Turnbull | outside home | R. Murray |
| G. Spring | inside home | D. Crookhall |

### REGINA BEATS MOOSE JAW.

Moose Jaw, Oct. 6.—Regina intermediate rugby team defeated Moose Jaw seconds here Saturday in a good game by a score of 14 to 4. Moose Jaw had more of the play than their opponents, but could not get over at the critical moment. Pascoe and Munns starred for the locals, while Captain Ellard and Quarterback Niles were the pick of the visitors.

### ST. JOHN'S BEAT WINNIPEG.

Winnipeg, Oct. 6.—The Tiger rugby team made good in senior company here Saturday when they made their first appearance in the senior division of the Manitoba union by outplaying the St. John's, but were forced to yield to a defeat, 7 to 6. Inexperience alone lost the game for the newcomers, and the Saints only managed to tie up the game and score the winning point three minutes before time.

**Winnipeg Grain Market.**

Winnipeg, Oct. 6.—All markets opened easier and trading was rather dull on the start. American gossip spoild of new tariff as a bear factor, though there was little more fluctuation than on Friday. Cash demand was fair and, in view of the big receipts our markets were very steady. Exporters declared that bidders were backing away, but nevertheless considerable export trade was done. Americans still bought our May; the spread between Winnipeg and Chicago May at the close was 4⅞. Winnipeg closed ¼ to ⅜ cents down. Hinneapolis ⅛ to ⅜ to ⅝ lower.

Liverpool was unchanged and reported Russian ofefrings heavy.

Oat options were weak and Winnipeg May oats declined 1⅛ to 1¼ cents.

Flax advanced ⅜ to ⅝ on the Winnipeg options, while Duluth flax was unchanged for all months except May, which declined ¼ cent. The spread between Winnipeg and Duluth May flax was 23¾ at the close. Winnipeg cash prices for contract wheat were ¼ to ⅜ cents lower and ½ cent lower on off grades.

Cash oats were ¼ cent lower and cash unchanged.

Deliveries through Winnipeg clearing house were: Wheat, 1,006; oats, 83,000; and old flax, 19,000.

Grain inspection:—Spring wheat—1 Man. Hard, 13; 1 Man. Nor., 740; 2 Man. Nor., 328; 3 Man. Nor., 58; No. 4, 5; No. 5, 1; smutty, 21; no grade, 2; rejected, 70; condemned, 5.

Winter wheat—2 A.R.W., 6; 3 A.R.W., 6; 1 white winter, 1.

Oats—Extra 1 C.W., 1; 1 C.W., 111; 2 C.W., 46; 3 C.W., 10; 1 feed, 12; 2 feed, 1; no grade, 1; condemned, 2.

Barley—3 Extra C.W., 13; 3 C.W., 74; 4 C.W., 59; rejected, 33; feed, 3.

Flax—1 N.W.C., 31; 2 C.W., 1.

Rye—Screenings, 2.

Totals—Wheat, 1,256; oats, 184; barley, 182; flax, 32; rye, 2. Total, 1,656.

**New York Metals**

New York, Oct. 6.—The metal markets were quiet and nominal. Lake copper 1700; electrolitic 1687; casting 1662½ to 1675. Iron unchanged. Bar silver 61⅜.

**Chicago Live Stock**

Chicago, Oct. 4.—Cattle receipts 500 market steady. Beeves 715 to 940; Texas steers, 690 to 710; stockers ad feeders, 530 to 780; cows and heifers, 375 to 855; calves 775 to 1,150.

Hogs receipts 12,000, market 5 to 10 cents lower. Light 820 to 885⅜ mixed 800 to 890; heavy, 795 to 880; rough 795 to 815; pigs, 450 to 800; bulk of soles, 820 to 865; sheep receipts, 2,000, market steady; native 385 to 500; yearlings, 490 to 590; lambs, native, 585 to 740.

**Chicago Grain Market**

Chicago, Oct. 6.—Sentimental e⅜ects of the signing of the tari⅜ bill showed themselves Saturday in the wheat pit. The market, although steady at the close, was ⅝ to ¾ under last night. Corn finished ⅜ to ⅞ down and oats o⅜ ⅞ to ⅞ ot ⅞.

Notwithstanding that it has been a foregone conclusion that the tariff measure would receive the president's signature, thieh acknowledgement that the law was actually in operation had considerable to do with depressing wheat. Attention again fixed itself on the point that the only protection now against Canadian wheat was purely optional with Canada.

Chances of a generous increase in the visible supply was responsible for the change in the feeling in wheat. Better weather in Argentina tended also to depress prices which at no time showed signs of how to make an important rally.

Oats suffered from selling based on free offerings of Canadian oats, both east and west. Much of the unloading for longs was done under stop loss orders.

**London Stock Market**

London, Oct. 6.—Money and discount rates were steady. The stock market declined in the absense of any material improvement in the monetary situation lack of support and further realizing depressed Brazilian issues while Paris offered its favorites moderately.

The American section was the steadiest. After a quiet opening prices advanced under the lead of the C. P. R. the latter closed 2¼ and th rest of the list from ⅛ to ½ above parity.

**New York Stock Market**

New York, Oct. 6.—A decline of steel was the conspicuous movement of the day in the stock market. Not only U. S. steel but the shares of other steel companies displayed a yielding tendency. Republic steel, common and preferred Colorado Fuel, Lackawanna steel, Bethlehem steel common and preferred and both of the U. S. steel issues were under pressure and their losses ranged from fractions to four points. In the remainder of the list the movement was wavering with a downward trend. Reading was depressed 2 points, and St. Paul, Lehigh Valley and Amalgamated more each. In the last few minutes of business several issueswere bid up quickly, reducing net losses on the day.

Weakness of the steel group was associated with a reduction in the price of steel billets, announced today.

Additional unfavorable railroad reports for August from some ofthe southern lines were influential in weakening the standard railway shares which were under pressure in the second hour. Instead of the small cash gain predicted, the bank statement revealed an actual loss of more than 89,500 thousand. The surplus was cut from $44,000 to $3,690,000. The unfavorable character of the statement was ascribed to operations incidental to the unusually large October in dividend payments during the week. Bonds steady. Total sales par value, $770,000.

U. S. two and Panama twos declined a point and the fours half on call on the week.

**Toronto Stock Market**

Toronto, Oct. 6.—Pressure on MacDonald, stock continued Saturday and the stock broke below 20 on the Toronto stock exchange, on the liquidation of over 400 shares. Elsewhere the market was steady. Spanish River, despite the non-arrival of the report, held at 15 although some sold as low as 14. Canners sold at 69 and Toronto paper at 74½. Brazilian was only moderately active and closed unchanged from last night at 92½. The movement in Toronto railway subsided, with only one sale of that stock. Cement sold at 35 and Barcelona at 34¼.

**Montreal Stock Market**

Montreal, Oct. 6.—C. P. R.'s fine statement of earnings for the closing days of Septemebr resulted in a strong market for the stock in London on Saturdayand opening quotations were at an advance about 2 points from Friday. From 234 there was a subsequent advance to 234⅛.

Reaction carried the price off to 233¼ and the last sale here went out at that price with 233⅜ bid.

The balance of the local list was dull and rather slow. Gas responded slightly to the C. P. R. rise,, selling at 214½ and closed firm 214⅛ bid. Toronto railway was a small fraction better at 143¼. Brazilian at 92⅞ in the final transaction and Quebec railway at 14 also showed small gains on the day.

Such changes as were showed by other stocks were usually in the direction of slight losses.

## ENTOMBED MINER REACHES SURFACE

### After Seven Days Underground Confinement Last Rarrier is Down.

Centralia, Penn., Oct. 6—Thomas Toshesky, prisoner since Friday of last week in an abandoned chamber of the Continental mine of the Lehigh Valley Coal company, walked out a free and comparatively well man Saturday morning. He was taken to his home in Centralia, and put to bed, apparently none the worse for his experience.

At 7.15 a.m. the last barrier of coal was driven away. This was when a miner crawled to the mouth of the tunnel, and called for blankets, and hot water to be sent down. The work of getting the man ready for the exit occupied the next few minutes. At 7.38 a.m. a file of men emerging from the tunnel heralded the appearance of the prisoner. He came from the hole wrapped in a grey blanket. Back of him was a miner ready to assist him if need, but he walked with unusual agility considering his experience.

The most noticeable thing about him was his pallor.

He climbed to the rim of the pit unaided. A stretcher had been taken to the foot, and there were plenty willing to carry him out, but he would not have it.

He was glad to get out, but acted as if it were an old story to him, and nothing over which to make a fuss.

Half way up the pit Toshesky was stopped and posed for a photograph, together with Dr. H. G. Fortner, who has been constantly in touch with him since communication was established Tuesday, and to whom is largely due the good health of the man.

Brussels, Oct. 6—The international Brussels, Oct. 4.—The international committee charged by the International Aeronautical association with the preparation of air charts met here Friday under the presidency of Prince Roland Bonaparte. The committee found that except in Belgium and France, where excellent maps of the air had been prepared, little or nothing had been done in this direction during the past year by other countries, owing to the lack of support by the governments. A resolution was passed inviting these governments to take upon themselves the task of publishing air charts in the same manner as they do land maps.

### STEAMERS DID NOT COLLIDE.

London, Oct. 6.—Rumors reached London Saturday that the White Star liner Oceanic was in collision in the channel and a good deal of excitement was created, but the vessel reached Plymouth about midnight, and a tender soon brought in word that the vessel was safe and had had a pleasant voyage.

There was not the slightest foundation for the report, but until it was contradicted there was much agitation in the west end hotels.

## COMMISSIONER APPOINTED FOR SHOAL LAKE SCHEME

### Victoria Man Gets Appointment of Board to Construct the Great Waterway Course.

Winnipeg, Oct. 6.—R. H. Reynodlds, of Victoria, was selected the first commissioner to act in connection with the construction of the Shoal lake water project by the administration board of the greater Winnipeg water district at a private meeting held Saturday in the board of control chamber of the city hall, and J. H. Fuertes, of New York, one of the experts who reported favorably on the feasibility of the city going to the eastern lake for water, was appointed consulting engineer. W. G. Chace, of the firm of Smith, Kerry and Chace, will be chief engineers of the entire work.

Mr. Reynolds and Mr. Fuertes will arrive in Winnipeg next week and will hold a conference at which they will deal with the preliminary steps in the operations.

Vienna, Oct. 6.—Prince William of Wied, a candidate for the throne of Albania is about to visit Vienna and Rome to discuss the subject.

### MILITANTS STILL BUSY.

London, Oct. 6—Militant suffragettes Saturday set fire to a large unoccupied riverside house at Hampton-on-Thames, a few miles above London. Two women were arrested on suspicion. A large quantity of suffrage literature was found strewn about the grounds.

The women were identified in court as Miss May Richardson and Miss Rachel Peace. Miss Richardson, who was recently released from prison, where she was serving a term of three months imprisonment, admitted that she had set fire to the house, and hoped she had made a good job of it. The women were remanded for further hearing without bail.

### ELEVATOR COLLAPSED.

Berlin, Ont., Oct. 6.—The elevator here owned by Peter Broadfoot, collapsed during Friday night and 30,000 bushels of wheat are lying in the debris.

## INTERURBAN CARS MIX AND ONE IS KILLED

### Dense Fog in Columbus Prevented Motormen From Seeing Each Other Until Too Late.

Columbus, Ohio, Oct. 6.—In a heavy fog two interurban cars of the Columbus Railway and Light company collided head-on just north of this city early Saturday, killing one man and seriously injuring several others. The cars met on a single track, and the impact caused them to telescope. A score or more passengers were more or less injured.

Motorman C. W. Davis of Columbus died shortly after reaching a hospital. Both legs were severed, and he was otherwise injured.

### SASKATCHEWAN REPRESENTATIVES.

Saskatoon, Oct. 4.—Hon. A. Turgeon, Hon. J. A. Calder, and Premier Scott will be the representatives of Saskatchewan at the provincial conference to be held in Ottawa on October 27.

### Winnipeg Grain Market.

Winnipeg, Oct. 6.—All markets opened easier and trading was rather dull on the start. American gossip spoiled of new tariff as a bear factor, though there was little more fluctuation than on Friday. Cash demand was fair and, in view of the big receipts our markets were very steady. Exporters declared that bidders were backing away, but nevertheless considerable export trade was done. Americans still bought our May; the spread between Winnipeg and Chicago May at the close was 4⅞. Winnipeg closed ¼ to ⅝ cents down. Minneapolis ½ to ⅜ to ⅝ lower.

Liverpool was unchanged and reported Russian ofefrings heavy.

Oat options were weak and Winnipeg May oats declined 1⅛ to 1¼ cents.

Flax advanced ⅜ to ⅝ on the Winnipeg options, while Duluth flax was unchanged for all months except May, which declined ¼ cent. The spread between Winnipeg and Duluth May flax was 23⅞ at the close. Winnipeg cash prices for contract wheat were ¼ to ⅜ cents lower and ½ cent lower on off grades.

Cash oats were ¼ cent lower and cash unchanged.

Deliveries through Winnipeg clearing house were: Wheat, 1,000; oats, 83,000; and old flax, 19,000.

Grain inspection:—Spring wheat—1 Man. Hard, 13; 1 Man. Nor., 740; 2 Man. Nor., 328; 3 Man. Nor., 58; No. 4, 5; No. 5, 1; smutty, 21; no grade, 2; rejected, 70; condemned, 5.

Winter wheat—2 A.R.W., 5; 3 A.R.W., 6; 1 white winter, 1.

Oats—Extra 1 C.W., 1; 1 C.W., 111; 2 C.W., 46; 3 C.W., 10; 1 feed, 12; 2 feed, 1; no grade, 1; condemned, 2.

Barley—3 Extra C.W., 13; 3 C.W., 71; 4 C.W., 59; rejected, 33; feed, 5.

Flax—1 N.W.C., 31; 2 C.W., 1.

Rye—Screenings, 2.

Totals—Wheat, 1,256; oats, 184; barley, 182; flax, 32; rye, 2. Total, 1,656.

### New York Metals

New York, Oct. 6.—The metal markets were quiet and nominal. Lake copper 1700; electrolitic 1687; casting 1662½ to 1675. Iron unchanged. Bar silver 61⅜.

### Chicago Live Stock

Chicago, Oct. 4.—Cattle receipts 500 market steady. Beeves 715 to 940; Texas steers, 690 to 710; stockers ad feeders, 530 to 780; cows and heifers, 375 to 855; calves 775 to 1,150.

Hogs receipts 12,000, market 5 to 10 cents lower. Light 820 to 885⅝ mixed 800 to 890; heavy, 795 to 880; rough 795 to 815; pigs, 450 to 800; bulk of soles, 820 to 865; sheep receipts, 2,000, market steady; native 385 to 500; yearlings, 490 to 590; lambs, native, 585 to 710.

### Chicago Grain Market

Chicago, Oct. 6.—Sentimental effects of the signing of the tariff bill showed themselves Saturday in the wheat pit. The market, although steady at the close, was ⅝ to ¾ under last night. Corn finished ⅜ to ⅞ down and oats 0⅜ ⅞ to ⅞ of ⅞.

Notwithstanding that it has been a foregone conclusion that the tariff measure would receive the president's signature, thteh acknowledgement that the law was actually in operation had considerable to do with depressing wheat. Attention again fixed itself on the point that the only protection now against Canadian wheat was purely optional with Canada.

Chances of a generous increase in the visible supply was responsible for the change in the feeling in wheat. Better weather in Argentina tended also to depress prices which at no time showed signs of how to make an important rally.

Oats suffered from selling based on free offerings of Canadian oats, both east and west. Much of the unloading for longs was done under stop loss orders.

### London Stock Market

London, Oct. 6.—Money and discount rates were steady. The stock market declined in the absense of any material improvement in the monetary situation lack of support and further realizing depressed Brazilian issues while Paris offered its favorites moderately.

The American section was the steadiest. After a quiet opening prices advanced under the lead of the C. P. R. the latter closed 2¼ and th rest of the list from ⅛ to ½ above parity.

### New York Stock Market

New York, Oct. 6.—A decline of steel was the conspicuous movement of the day in the stock market. Not only U. S. steel but the shares of other steel companies displayed a yielding tendency. Republic steel, common and preferred Colorado Fuel, Lackawanna steel, Bethlehem steel common and preferred and both of the U. S. steel issues were under pressure and their losses ranged from fractions to four points. In the remainder of the list the movement was wavering with a downward trend. Reading was depressed 2 points, and St. Paul, Lehigh Valley and Amalgamated more each. In the last few minutes of business several issueswere bid up quickly, reducing net losses on the day.

Weakness of the steel group was associated with a reduction in the price of steel billets, announced today.

Additional unfavorable railroad reports for August from some ofthe southern lines were influential in weakening the standard railway shares which were under pressure in the second hour. Instead of the small cash gain predicted, the bank statement revealed an actual loss of more than $9,500 thousand. The surplus was cut from $44,000 to $3,690,000. The unfavorable character of the statement was ascribed to operations incidental to the unusually large October in dividend payments during the week. Bonds steady. Total sales par value, $770,000.

U. S. two and Panama twos declined a point and the fours half on call on the week.

### Toronto Stock Market

Toronto, Oct. 6.—Pressure on MacDonald, stock continued Saturday and the stock broke below 20 on the Toronto stock exchange, on the liquidation of over 400 shares. Elsewhere the market was steady. Spanish River, despite the non-arrival of the report, held at 15 although some sold as low as 14. Canners sold at 69 and Toronto paper at 74½. Brazilian was only moderately active and closed unchanged from last night at 92½. The movement in Toronto railway subsided, with only one sale of that stock. Cement sold at 35 and Barcelona at 34¼.

### Montreal Stock Market

Montreal, Oct. 6.—C. P. R.'s fine statement of earnings for the closing days of Septemebr resulted in a strong market for the stock in London on Saturdayand opening quotations were at an advance about 2 points from Friday. From 234 there was a subsequent advance to 234⅛.

Reaction carried the price off to 233¼ and the last sale here went out at that price with 233⅝ bid.

The balance of the local list was dull and rather slow. Gas responded slightly to the C. P. R. rise,, selling at 214½ and closed firm 214¼ bid. Toronto railway was a small fraction better at 143¼. Brazilian at 92⅞ in the final transaction and Quebec railway at 14 also showed small gains on the day.

Such changes as were showed by other stocks were usually in the direction of slight losses.

## ENTOMBED MINER REACHES SURFACE

### After Seven Days Underground Confinement Last Rarrier is Down.

Centralia, Penn., Oct. 6—Thomas Toshesky, prisoner since Friday of last week in an abandoned chamber of the Continental mine of the Lehigh Valley Coal company, walked out a free and comparatively well man Saturday morning. He was taken to his home in Centralia, and put to bed, apparently none the worse for his experience.

At 7.15 a.m. the last barrier of coal was driven away. This was when a miner crawled to the mouth of the tunnel, and called for blankets, and hot water to be sent down. The work of getting the man ready for the exit occupied the next few minutes. At 7.38 a.m. a file of men emerging from the tunnel heralded the appearance of the prisoner. He came from the hole wrapped in a grey blanket. Back of him was a miner ready to assist him if need, but he walked with unusual agility considering his experience.

The most noticeable thing about him was his pallor.

He climbed to the rim of the pit unaided. A stretcher had been taken to the foot, and there were plenty willing to carry him out, but he would not have it.

He was glad to get out, but acted as if it were an old story to him, and nothing over which to make a fuss.

Half way up the pit Toshesky was stopped and posed for a photograph, together with Dr. H. G. Fortner, who has been constantly in touch with him since communication was established Tuesday, and to whom is largely due the good health of the man.

Brussels, Oct. 6—The international Brussels, Oct. 4.—The international committee charged by the International Aeronautical association with the preparation of air charts met here Friday under the presidency of Prince Roland Bonaparte. The committee found that except in Belgium and France, where excellent maps of the air had been prepared, little or nothing had been done in this direction during the past year by other countries, owing to the lack of support by the governments. A resolution was passed inviting these governments to take upon themselves the task of publishing air charts in the same manner as they do land maps.

### STEAMERS DID NOT COLLIDE.

London, Oct. 6.—Rumors reached London Saturday that the White Star liner Oceanic was in collision in the channel and a good deal of excitement was created, but the vessel reached Plymouth about midnight, and a tender soon brought in word that the vessel was safe and had had a pleasant voyage.

There was not the slightest foundation for the report, but until it was contradicted there was much agitation in the west end hotels.

## COMMISSIONER APPOINTED FOR SHOAL LAKE SCHEME

### Victoria Man Gets Appointment of Board to Construct the Great Waterway Course.

Winnipeg, Oct. 6.—R. H. Reynodlds, of Victoria, was selected the first commissioner to act in connection with the construction of the Shoal lake water project by the administration board of the greater Winnipeg water district at a private meeting held Saturday in the board of control chamber of the city hall, and J. H. Fuertes, of New York, one of the experts who reported favorably on the feasibility of the city going to the eastern lake for water, was appointed consulting engineer. W. G. Chace, of the firm of Smith, Kerry and Chace, will be chief engineers of the entire work.

Mr. Reynolds and Mr. Fuertes will arrive in Winnipeg next week and will hold a conference at which they will deal with the preliminary steps in the operations.

Vienna, Oct. 6.—Prince William of Wied, a candidate for the throne of Albania is about to visit Vienna and Rome to discuss the subject.

### MILITANTS STILL BUSY.

London, Oct. 6—Militant suffragettes Saturday set fire to a large unoccupied riverside house at Hampton-on-Thames, a few miles above London. Two women were arrested on suspicion. A large quantity of suffrage literature was found strewn about the grounds.

The women were identified in court as Miss May Richardson and Miss Rachel Peace. Miss Richardson, who was recently released from prison, where she was serving a term of three months imprisonment, admitted that she had set fire to the house, and hoped she had made a good job of it. The women were remanded for further hearing without bail.

### ELEVATOR COLLAPSED.

Berlin, Ont., Oct. 6.—The elevator here owned by Peter Broadfoot, collapsed during Friday night and 30,000 bushels of wheat are lying in the debris.

## INTERURBAN CARS MIX AND ONE IS KILLED

### Dense Fog in Columbus Prevented Motormen From Seeing Each Other Until Too Late.

Columbus, Ohio, Oct. 6.—In a heavy fog two interurban cars of the Columbus Railway and Light company collided head-on just north of this city early Saturday, killing one man and seriously injuring several others. The cars met on a single track, and the impact caused them to telescope. A score or more passengers were more or less injured.

Motorman C. W. Davis of Columbus died shortly after reaching a hospital. Both legs were severed, and he was otherwiso injured.

### SASKATCHEWAN REPRESENTATIVES.

## ALDERMAN LUNDY RETURNS FROM EASTERN TRIP

**Money is Easier in West Than East—Apple Crop a Failure in Some Parts.**

Alderman J. E. Lundy and family have arrived home after spending some 11 weeks in Ontario. When seen by a Capital reporter in his office this morning Alderman Lundy stated that he was pleased to be back in Edmonton, although he had had a very fine time during his absence, having visited many of the larger cities, including Toronto, Guelph and Hamilton.

In speaking of the financial conditions, Mr. Lundy said that as far as he could observe the money situation is easier in the west than in Ontario, where the factories and stores have been complaining bitterly about the tightness of the money market. The apple crop, he stated, is a failure in some parts of Ontario, and is much below the average in most districts, but the peaches, plums and grapes are showing wonderful results. As an instance of the immense crop of grapes he said that when coming through Winnipeg the Ontario grapes were selling at 25 cents a basket.

Alderman Lundy is quite interested in the new numbering system. In talking about it this morning he stated that it was just coming up at the time he left on July 13th. At the last meeting of council before leaving he had suggested that it was too big a proposition to rush through all in one evening and recommended that it be laid on the table for another week. He is posting himself today and expects to be present at the meeting tonight in the New Empire Auditorium where the public meeting will be held.

## FIRST SNOW FALLS IN PRAIRIE PROVINCES

Winnipeg, Oct. 6.—The first snow of the season fell this morning in many parts of Saskatchewan, and Manitoba with a temperature which last night ranged around the freezing point. No snow is yet reported from Alberta though the southern part of the privnces was cloudy weather. Winnipeg and district has also so far escaped though the weather today gives indications of rain or snow at an early hour. Prospects are for "mostly fair" in the prairie provinces tomorrow.

**STEAMER MOVES WHEN NEW TARIFF TAKES EFFECT.**

Bay City, Mich., Oct. 6—The steamer Ogema, with a cargo of lumber, arrived here Saturday, remaining at anchor two days in Saginaw Bay, waiting for the new tariff law to go into effect. Owners of the steamer and cargo estimated that the move saved $600. Captain Pierce, master of the steamer, said thousands of dollars worth of lumber have accumulated in Canadian ports, which will soon find markets in the United States.

## NEWS OF THE CITY.

**Flat Residents Want Delivery Service**—Residents on the Gallagher and Brighton estates have petitioned the Postmaster-General of Canada for a delivery service for the flats. For a considerable length of time now the residents have been forced to come to the post office for their mail, and they think it is about time that they were receiving some of the benefits of city life. A mass meeting was held Saturday evening and a resolution, moving that the Postmaster-General be petitioned for a carrier service, was passed, and the following committee appointed to prepare the petition: Messrs. Webster, Thompson, Gray and Howard.

**Retail Merchants Meet**—The retail merchants of the city will hold a meeting next Tuesday evening at 8 p.m. in the Mechanics hall, Third street. Mr. Buckwell, the provincial secretary of the Retail Merchants association of Canada, will address the meeting and present an outline of the work of the association, showing what co-operation among merchants of every class can accomplish.

**Auto Accident Victim Recovering**—W. F. Cochrane, manager of the south side Dominion bank, who was injured in the automobile wreck Friday night is reported at the general hospital to be greatly improved. His injuries are not as serious as at first supposed.

**Street Numbering Meeting Tonight**—Citizens of Edmonton will meet tonight in the Empire auditorium to discuss the new street numbering system.

**N.E.C. Meet Wednesday Night**—The North Edmonton Civic association will hold its regular monthly meeting Wednesday night in the office of F. V. Parsons, on the Fort Trail, at eight o'clock.

## POLICE COURT

Residents living on Richards street television the police last night that a crowd of foreigners were making sleep an impossibility by their fighting, loud talking and drinking.

Sergeant Miller and Constables Allen, Smith and Guertin responded in the patrol and raided one of the houses of the foreign settlement. Four of the men were placed under arrest and upon being arraigned in police court this morning were found guilty and fined $18 each, with the costs thrown in, together with the interpreter's fee.

Magistrate Heffernan made it plain to the men that whatever way they may have conducted themselves in their native country, they are bound to respect the laws of Canada, and failure to do so in the future will meet with a more severe sentence.

E. G. Bellisle of St. Albert was arraigned on the charge of selling skimmed milk to the Edmonton Dairy company and his honesty in admitting that he had committed the offence on four previous occasions prompted Magistrate Heffernan to assess the minimum fine of $10 and costs, with a warning to conform with the bylaws regulating the sale of milk.

Bellisle explained that his wife is not accustomed to farm work and unwitting skimmed the milk on the day in question without his knowledge. A milk inspector upon testing the milk, issued a summons for Bellisle.

**Clara Acted Funny.**

Clara Smith, who has been seen in police court on different occasions, was arraigned this morning, charged by Detective Smith with being a vagrant. The woman, who was released on a like charge several days ago upon the order of a physician, was released on account of illness. Through her attorney she stated that she was again taken sick and stepped into an alley off Queen's avenue and that three men followed her.

Detective Smith thought that her actions were of a suspicious nature and placed her under arrest. He said that as he started to take her to the station house she offered him $10 to release her and that he refusd. Magistrat Heffernan dismissed the charge against her with a warning and commender the officer upon the judgment he had used in placing her under arrest.

Paul Dubue, teamster, was convicted of being drunk and of driving his team in a reckless manner to the danger of the public. He was fined $10 and costs, or 15 days' hard labor.

**STAID LONDON AFTER CRIME RECORD.**

London, Ont., Oct. 6.—The second shooting tragedy in London in less than two days occurred yesterday, when Leonde Gordon Chiswell, aged 28, of 252 Richmond street, after attempting to murder his wife, committed suicide. Drink and jealousy were at the bottom of the crime, which was the culmination of a series of quarrels, spread over four years of married life.
